"Here's A Quick And Easy Software Tool That Will Help You Pay Your Own Affiliates Every Month" If you're running an affiliate program, you need to pay your affiliates every month. Your affiliate script or system probably generates a list of payments to be made, but unless you're really lucky, it will not help you to actually make the payments. Many affiliate programs are now making payments via Paypal, as a quick and easy way to transfer money. If you are already doing this or are considering this, you will love our special Affiliate Paymaster software. Paypal offers a facility called "Mass Pay", designed for making lots of payments, however this is not available in all countries. For many marketers, it can also be quite daunting to use as this is a rather technical system which transfers large sums of money to lots of different people automatically. The alternative is to pay each person, one at a time using Paypal's Send Money feature. This is of course slow and it's very easy to make a costly mistake. Affiliate Paymaster is a brand new, easy to use Windows tool which automates making these payments for you, saving you time and effort, while reducing the chances of making expensive mistakes. This product is inclusive of ready made web site allowing you to resell this software instantly. Additional items such as graphics, marketing articles, promotional text and other items may also included with the package as well.
