Thanks - John Hillage Hi George, I have been an internet marketer for over 3 years most of my money has been generated from Google Adwords but unfortunately after the Google Slap the cost of doing business on Adwords has become too expensive. I have been looking for a way to stop using Google altogether. Your Report on Forum Traffic Secrets has allowed me to do just that, I turned off my Google Adwords account altogether and am now focusing my attention to Forum postings, this information has already saved me \$1399.96 (the amount I spent last month on Adwords) . George Thanks for such an informative straight to the point report. This product can help anybody become successful without reinvesting all their products back into Google Adwords! Sincerely, - Mario Kotik Forum Traffic Secrets is a fantastic report. It is filled with meaty how to get traffic tips. Fortunately, its fluff and fat free. The ideas about increasing productivity (like the stopwatch tip) will save

me a lot of time.. And the sample signature files are great (I've already borrowed the format). Anyone interested in creating free traffic would be smart to get this report. - Mark Flournoy, Your info products are always insightful and useful. I personally thought that Forum Traffic Secrets has lots of useful tips -especially the part about what NOT to do. I always appreciate your no-nonsense writing style, particularly today when so many info products are have little or no real value. Thanks for the good work, - Neil Vermillion

Hi George, Your tip on page 3 is so simple yet so true, wish I'd thought about this sooner! What you suggest on page 4 could also be used to increase the responsiveness of my article marketing, great value there. On another page you highlighted the one factor that has been eating in to my time and effectiveness, thank you. You have shown me a powerful way to market at no cost! On the last page you gave an excellent tip that I would never have dreamed of! Thanks, - Bobby

I thought I knew a bit about that subject from reading reports from other I am gurus?? But after reading your sneaky little report I realize that I now know a whole lot more now. Using forums like you describe and signature files is a cunning means to an end. Also the different styles used on signature files can be attention grabbing as well. I also was interested to know about your Forum List you provide. Very interesting George and as usual no fluff straight to the point, I like that. Well done again George

Warm Regards, - William Condon

Thanks for the report. It is good to get honest info, that helps me do a better job of running my company. There is so much crap out there, that is not worth the paper it is printed on. It is great to get stuff, that you can really use. Keep up the great work. - Gary Moore
