Php Classifieds Ad Script (with Thumbnails/enlarged Photos)

[DOWNLOAD HERE](#)

PHP Classified Ads Script is the perfect install for a starting website that features classified ads, item price, photos, and limitless directory. SEO friendly urls make it a webmasters dream; turning basic php titles to long wordy html pages. Additionally, this script is google adsense ready in 6 different locations onthe site, although you can only use 3, you can place banners in other spots. Fully functional right from install. Directions are a snap, and it is running on my site. Great script!
