Reciprocal Linking...Your Gateway to Wealth Your success is preceded only by how prolific your name and your website exist on the internet. This is the goal of every web marketer, even if they are not aware of it. Word of mouth on the web is how many sites mention YOUR website. This takes a few key elements to ever be realized. Integrity, reputation and a viable product are meaningless without the necessary exposure needed to make those elements stand out and been seen in enough places to become familiar. That is the key to successful commerce, familiarity. When you want fried chicken, what is the first thing you think of? For millions, the image of Colonel Sanders and the red and white logo instantly come to mind. Why? Because it was made prolific and familiar. Why Is Reciprocal Linking So Important? The popularity of your site is an important attribute the search engines consider when listing relevant sites in response to a search. Search engines will comb thru a website, and store pertinent info about that site, including these links to other websites. The more websites it finds with your URL in the code, the higher your site popularity is rated. This is not something you can easily attain, and for some nearly unattainable. Until now. With SuperChargedLinking, you can offer 100 reciprocal linking with others, and be assured it is viable and easy for you to maintain!. Search engines are still the number one effective means of promotion. Where do you come in at the Alexarankings? True reciprocal links will have a direct impact on this. Fact: You have been winging it and it's just not working for you! Your Site Must Grow In Popularity Reciprocal link exchanges are a mutual agreement between one site owner and another, whereby owner 1 displays owner 2's site URL on his website, in exchange owner 2 will display owner 1's site on his. The problem is, these links often don't remain in place. You never know when your link is taken down unless you manually visit the site it is supposed to be displayed at and check. This can take hours if you have many such links. Only trusted and personal associations with owners will give you the assurance to know without a doubt your link is displayed on their site. Do you know which sites are doing this? Even if you can TRUST your link partners, the fact is that websites go down or are edited every single day. There has been no way to keep track of this up to now that was affordable and easy to use! An Answer to This Dilemma Has Arrived This amazing new technology has just been created, one that takes the hours to

verify you are getting a true reciprocal link, and automates this chore seamlessly and accurately.
