"Visitors Are Actually Excited To See Your Ads!" NEW Version 2 Just Released! Consumers are exposed to hundreds maybe even thousands of commercial messages per day in one form or another -- from the boring, copy-laden radio commercial to the easily skimmed, forgettable newspaper ad, to the billboard on the side of the bus to the logo on the side of the building and finally to those annoying Pop-Ups you see on every other website! Research from the University of Washington conducted in 1999 stats: The average American is exposed to 500 to 1,000 commercial messages a day . That's anywhere from 182,500 to 365,000 commercial messages that a person will view this year alone. And that was way back in 1999!!! Imagine what it probably is today! It's no wonder that people have become "Banner Blind" and constantly block or exit from Pop-ups with their itchy trigger finger. Isn't there something else? Something that is less intrusive yet more effective. A type of advertisement that makes my customers WANT to see it, instead of Repelling them from your site? YES! Finally There Is! It's a New Breed of Ads that's not only pleasing to the eye, but also incredibly effective in drawing in your customer's attention, causing them to click, and most importantly getting more of them to reach for their wallets because they're actually interacting with your ads now instead of running from them. Peel Away Ads! The perfect way to get that extra attention without the complaints of your customer. Peel Away Ads are a proprietary technology that display a small animated "Peel" also know as "Curl" or "Dog Ears" on your Web site on the Top Right Corner (see on our right corner). If a Web site visitor moves the mouse over the Peel Away Ad it smoothly opens with a peel-off animation. What's New in Version2? 1) Place your peel in ANY corner of your website 2) Place your peel in ALL corners if you wish 3) Greater control if you need to specify where on your page you want it 4) You decide if it opens in the same browser window or a new one 5) Animated text in small peeled corner 6) Animated text in large background corner 7) You control the size and color of animated texts. Here is what is Included: - The Peel Away Ads Script that for you to use in as many sites you wish. - The Peel Away Rotating Ad Script to Show multiple rotating ads on your site. - The Step by Step Installation Video. - Image Templates for your corner peel and background ad. - Flash source file, for eye catching animation on your Peel Away Ad. After easily uploading a couple of files you can lay

back and enjoy the increased conversion rate your ads will receive. If you happen to be in the minority and Pop-ups are still working for you. Then wait and see what your Peel Away Ads will do for you! What we are showing you makes you more money, Large Corporations pay BIG BUCKS to access this Top Notch Technology and now we are making it available you for next-to-nothing. We're so confident of Peel Away Ads that we're backing it up with our reputation and money. You'll get our personal...
