You get 8 of these in (psd) "master" templates, in 8 sizes (in pixels): 120x600, 250x250, 200x200, 468x60, 120x240., 180x150, 125x125, 234x60. These master templates come pre-installed with background "effects", and background "shapes". These effects and shapes basically add some flair to the banners, and make them more exciting than just plain solid color banners. Copy and Paste Elements". These are basically pre-formatted "elements" for the inside of your banner design. They're things like text, bullets, and buttons. And all of these come pre-formatted with cool effects and styles applied to them. And you can simply copy and paste these into your own designs and the master templates. You can customize all of these "elements" in pretty much any way you want. Change the text to your own exact text, change the fonts and sizes of the text, change the colors, resize, rotate, distort and pretty much do anything else to all of these. You can even use most of these things for high res print graphics (300 DPI). Here are these "elements" that you will get..... [See My Store For More Deal!!!](#)
