Prof. Dennis Magner The Art Of Taming And Educating Horses

[DOWNLOAD HERE](#)

The horse trainer/presenter Dennis Magner was active from the 1860s to 1880s. As a circus proprietor he was known to have his own show out traveling by boat in the mid 1870's on the Great Lakes. He wrote several horse training books, the most famous of which is the massive "The Art of Taming and Educating Horses". The book comes in about 1120 pages full with text, images and illustrations. Chapters include: Introduction Methods of Subjection Colt Training Excessive Fear - Its Effects Kicking Bad to Shoe Balking Running away Halter Pulling Stallions Miscellaneous Habits Teaching Tricks Horseback Riding Subjection Denton Offut Familiar Talk with the Reader Personal Experience Breeding Stabling Feeding and Watering How to Tell the Age Shoeing Circulation Diseases and Their Treatment Diseases of the Joints Navicular-Joint Lameness Catarrh Chronic Cough Diseases of the Chest Colic Diseases of the Nervous system The Foot: Injuries of and cause of Lameness Sprains, Bruises, etc Cuts and Wounds Diseases of the Eye Diseases and Injuries of the Skin Tenotomy Miscellaneous Recipes It is not easy to find this book online or even in real life. Even if you find the book in a university library, you will NOT be allowed to borrow it. It is classified as out of print, antique and not for lending books. You are even not allowed to photocopy it to protect the papers. If you were lucky to find an antique bookshop selling it, then prepare yourself to pay no less than 200$ for the book! Just have a look online and see yourself! This item here includes the original book in scanned PDF format. You will have the exact original book that was published in 1886 but in scanned PDF format. You will need a computer to read it from the screen or print it. You will have immediate access to the file once you make your payment through tradebit or paypal.
