\*\*\*\*Current as of Patch 3.2\*\*\*\* Everyone loves a "Boomkin" in their raid. Wicked DPS, wicked buffs, and the ever-popular Battle rez describe the typical well-gearred Balance Druid. Just coming up to 80, however, you won't be well-gearred enough to be truly awesome, but with a bit of focused efforts you can be there in no time! Do you know what type of gear you're aiming for? Do you know how much Hit Rating you need for Heroics and Raiding? If not, do you want to waste the time looking up where to find it all? Or do you just want to PLAY? I know my own answer - I developed this gearing guide in advance so I wouldn't have to waste time I could be spending in a more fun manner once I got to 80. And I'm happy to share this guide and all of its knowledge with you, so you, too, can play instead of spending time waiting for slow, graphic-laden websites to load up. Tags: wow
