Here's What This Power Application Does: Build your list with one of the fastest ways known! Filter your best prospects from the merely curious. Personalize your sales page with their name! Automatically subscribe prospects to your lists. (Send them to different AR's based on answers) Send prospects to different pages based on their interests. If you want to build a big fat targeted list of Niche prospects and you want to filter them effectively to increase your conversion rates then grab a copy of this software right now! Here are some of the main features of Sonic Opt-In: Steps 1 through 4 create your opt-in page, then only 2 steps to get it up and running on your site! Audio can be included in your opt-in page -- a special control is included. You can also choose whether the audio is autostart or manual start. Would you like a series of bullets in your copy? (These things you're reading now are bullets.) Special bullet editor allows you to include as many as you like! The prospects name and email are required. People who have already opted in are taken automatically to your sales page -- no getting stuck behind the opt-in page again! Prospect can be taken to a special page targeted exactly to their interests. Depending on the prospects answers, subscribe them to different autoresponders. Now you can create sub-niche lists with ease! Personalize your sales page -- when you use the prospect's first name in your copy it increases conversions, [fname]. (insert grin here) Use one of the built-in HTML templates or create your own. Works with Aweber, Get Response, 1 Shopping Cart, Email Aces, etc., most of the major autoresponder services. Just requires the ability to subscribe to a list via an email address. Even works without an autoresponder account for people who are just interested in the personalization feature. You Will Also Receive Resell Rights To This Software And A Sales Pack That Includes A Ready Made Web Site
