Greeting Card Sender Script

[DOWNLOAD HERE](#)

The website allows visitors to send illustrated or flash greeting cards online. After someone registers they can browse or search all the available cards in unlimited categories. The website shows a small preview of the cards and when chosen shows the card at full size. To send a card, the user chooses the cards, enters the recepients name and email address, writes a greeting and can preview/edit/send card. The user can also choose to be notified by email when the card is retrieved. There are unlimited categories and subcategories as well as sections for NEWEST and MOST POPULAR on the front page. Siteadmin panel: 1. Admin can add/edit/delete cards 2. Admin can add/edit/delete unlimited categories and subcategories 3. Admin can add/edit/delete members 4. Manage the site settings - title, keywords, description, Contact email, etc. 5. Admin info - change username, password, name, email COMPLETE WITH PRE-MADE FLASH GREETING CARDS! REVENUE DETAILS : Use the website to promote affiliate banners, add advertising in the email that goes out to card recipients, sell advertising space or promote your own websites through banner advertising and emailing to members. This Package comes with 8 AMAZING Templates that you can use with your Script! It also comes with a special software that you can use to edit your scripts with just a click of a button!
