Personals Service Script

[DOWNLOAD HERE](#)

Create a Personals Website!! In today's dot com evolution, more and more people are looking to online to meet that special someone. The personals site is offer free and paid services to get people connected. How it works The personals site allows for free signup's to use the site such as finding a match and messaging and can vote on their favorite people, plus rate other users. For advanced features, users can upgrade their account on a subscription bases handled through PayPal. Advanced user accounts get features the free account does not provide such as: Access to the whose online instant chat system Can create a buddy list of their favorite member Can block members they do not want contact from Can use the instant messenger Users can register for the site for free and the process is automated. For paid accounts the administrator upgrades the account via the admin area that also allows for site maintenance, quick configuration and a site opt-in newsletter that you can use to promote your other businesses, promote partner programs or sell ad space on. SUPER BONUS: Order now and receive MASTER Resell Rights so you can sell Personals Script and keep 100 $$$ of the profits! You'll even get a copy of this sales page which you can easily customize!
