You've purchased this product with Master Resell Rights. You are free to sell it and keep 100 of the profits. Heres How Google Site Map Maker Works. Lets say you want to make a Google site map. Start Google Site Map Maker- Step 1. Enter The URL of the website you wish to create a site map for. Google Site Map Maker will then crawl that site and make a list of all the links it can find. Step2. Set a few features like how often your site content changes, this will help tell Goggle how often it should crawl your site! Step 3. If there are any URL's on your site you do not wish to have included into Goggle then list them in the bypass area so they will not be crawled and posted to your site map, you can also select file types to bypass such as .zip or .exe Step 4. You can optionally add your sites FTP information and if you ask Google Site Map Maker to it will automatically upload your site map for you . Step 5. Spider your site.... Google site Map Maker will Spider your web site- Create a site map for your site Save a copy of that site map to a selected folder on your PC Upload a copy of your site map to yourdomain.com/sitemap.gz Thats right .gz the preferred Google Site Map format, it will zip and upload the site map for you. But wait we are not done yet! After this process has been completed Google Site Map Maker will then ping Google and tell them you have a new site pam ready to be crawled! All you have to do is download the software, follow the user guide, and PRESTOyouve got a Google site map! Is that powerful or what! Picture this: you make Google site maps for all your sites quickly and easily. You submit them. Then you get huge hitsenough that you're catapulted to the top of the search engines.
