

New* Raffle Site Script With Mrr

[DOWNLOAD HERE](#)

The Raffle Site Script was designed to help anyone kick their list building efforts into high gear instantly! With this script, you can run a raffle offering as many different prizes as you want (digital, home delivery & pickup prizes are accepted), and the script will run fully automated down to running the raffle on it's own and doing the delivery of digital prizes instantly to winners! This is a HANDS FREE list building magnet! Run Either Free Raffles or Raffles for Profit! You can use the Raffle Site Script to run Free Raffles (raffles in which people get in for free in exchange of becoming a part of your mailing list) anywhere in the world! Running your own FREE Raffle is the MAIN feature of the software, but we've also added a tidbit more.... You can also use the Raffle Site Script to run Raffles for Profits (raffles in which people pay XX amount of money for each ticket to the raffle); these types of raffles are illegal in the USA, but most everyone else in the world can benefit from this feature. If you live outside the USA, please check with your authorities to see if paid raffles are legal in your country. Run an Unlimited Amount of Raffles! After each raffle drawing is done, the script will AUTOMATICALLY archive all the tickets from each raffle for you. This way you can setup a new raffle every time, choose to run the same raffle every so often, etc. etc. Giving you the flexibility to do whatever you want! Having More Options = Having More Control! This script has the highest range of customization possible, which ends up making your websites running the Raffle Site Script act the exact way you want them to, look the exact way you want them to, etc. Offer ANYTHING You Want as a Prize! You can offer anything you want as a prize! The Raffle Site Script was made to handle prizes that are either available through a download URL (digital prizes), prizes that are going to be mailed out to the winners, and prizes that are going to be picked up by the winners. You get FULL control!
