Forum Assistant Professional is going to be one of this years best selling software applications not just because of its ease of use, but even more because it can be applied to your DAILY marketing routine. Are you tired of having to submit the same question to all the great forums out there manually, only to have to go back in and try to find out if you have responses to EACH ONE INDIVIDUALLY? Well Its Time you stopped the time wasting efforts that only frustrate you and sometimes keep you out of the loop because of the delay in response time or the delays in loading each page each time you ask a question. With Forum Assistant Pro, all you do is type in ONCE the forum URLs and then when you want to post a question or advertise your products and opt-in pages, you type it in, hit enter, and BAM! Youve got your question posting automatically in all of the forums that youve entered into the software! Its almost like an autoresponder for forums! If you have ever tried a grassroots campaign to market your website, product or service through online message boards, you know that it can be a great way to generate traffic and sales. There are lots of benefits: its free, you are communicating directly with your potential customers, and it creates hundreds of sites that are linking to you, which then show up in search engines as well. It has its downsides too: being accused of spamming, trying to keep up with responses to your messages, and having to deal with all sorts of different message formats. Thankfully, this software will fix all those problems and allow you to deliver highly effective campaigns quickly and easily. THE FEATURES: Save and load different messages! Automatically insert your message into posting pages with one click! Automatically format your message into Text, HTML, UBB Code, or EZCode! Create your own formatting templates for other messageboards! Bookmark your posts and automatically check them for replies! Upgrade today to MASTER RESELL RIGHTS to be the first to offer this brand new product in your downline!
