

Mt4-forex Entry Signals Plus Strategy-high Success Rate!

[DOWNLOAD HERE](#)

High winning trades. Works best with the major currency pairs on one hour charts only. Strategy: 1.Wait for both entry signals to appear close together on the chart, the arrow and the dot,in any sequence. 2.Wait for the RSI and Stochastic indicators to move in the direction of the entry signals, and enter your trade with SL=70 pips TP=20 to 50.
