UPDATED FOR 2012! Are You Ready To Discover How You Too Can Tap Into One Of The HOTTEST Digital Products Marketplaces On The Web... And Generate Long-Term Passive Income Month After Month? YES! You read that right...Im going to show you how to do one thing and get paid over and over again! Hey, I understand if youre skeptical... Have you spent hundreds (or even thousands) of dollars on: make money online products, push-button software, and get ranked on page 1 systems... only to end up little wiser and a whole lot broker? Me, too! So, like you, I can be pretty skeptical when it comes to bold claims. But a while back, I accidentally ran across a little-known website, while doing keyword research for some articles I was writing. Pages from this website kept coming up in the top 10 Google search results for nearly all the keywords I was researching...so...out of curiosity, I clicked on one of the links to find out more about it! What I discovered was an under-appreciated, overlooked and untapped digital products goldmine called TradeBit that I had never heard anyone talk about before. Its kind of a combination of ClickBank and Amazon...but better...and there is no doubt that the site is very search engine friendly because its pages ranked so high in Googles search results. YOU MUST KNOW EXACTLY HOW TO TAKE ADVANTAGE OF THIS POWERFUL DIGITAL PRODUCTS MARKETPLACE TO MAKE PASSIVE INCOME FROM IT... While TradeBit is an extremely powerful marketplace, a great place to list downloadable products for sale and their pages rank well in the search engines, you must know exactly how to take advantage of what this unique digital products marketplace has to offer, in order to make passive income from it. When I first discovered TradeBit, there wasnt very much information available about how to successfully list products for sale there, not on the TradeBit site itself, nor on the Internet... believe me, I searched every nook and cranny! Even tho I couldnt find any information about how to make money on TradeBit, I went ahead and registered for an account anyway. What the heck, it was only a few bucks to set up an account! Oh, and it doesnt cost anything to list your products for sale there either...no monthly fee, no product listing fees. How awesome is that?! Once Id registered my TradeBit account, I set out to discover the true power of TradeBit all on my own. Thank goodness I dont give up easily because even though it took days and days of fumbling around, doing stuff by trial and

error, while trying to figure out how to get my products listed, how to upload product files and how to use the various features of the site...I was thrilled to discover I had made a sale within a few days of listing my first product! And, I documented everything I discovered about how to sell products on TradeBit! Today, Im offering YOU the opportunity to bypass all the trial and error, all the fumbling and frustration, all the cursing and head-scratching I had to endure while trying to figure out how to use this powerful digital marketplace! SO, WHY SHOULD YOU LISTEN TO ME? Because, Ive actually been using TradeBit to make money online for more than 2 years, and Im prepared to share my knowledge and experience with you. Because, I created the very first course about selling on TradeBit over 2 years ago, the original Unleash The Power Of TradeBit course. Because, Ralf Schwoebel, the founder and CEO of TradeBit, ran across one of my Unleash The Power Of TradeBit promo videos on YouTube and contacted me to say Thank You! And, he later asked me to create the official TradeBit tutorial videos. PLUS, Ive taught many, many other people how to use TradeBit to make money online! No More Wasting Your Time...Plug Into A System That Makes Money On Autopilot Even While You Sleep! FREQUENTLY ASKED QUESTIONS...

---

QUESTION: Can I really use your system to work once and get paid over and over again? ANSWER: YES...all you have to do is follow my simple instructions and pricing strategies to list downloadable products for sale on TradeBit. In fact, you can outsource everything to your virtual assistant, so you dont actually need to do the work yourself.

---

QUESTION: Will this work for me if I live outside the US? ANSWER: YES...this works anywhere in the world because TradeBit is not limited to the United States or to only English speaking nations. However, you will need to have either a PayPal account or an AlertPay account to receive your payouts from TradeBit. As of right now, you can publish and list your products in English, German, Spanish and Italian.

---

QUESTION: Will this work for newbies? ANSWER: YES...no technical skills are required! If you can send an email, fill out a web form or post on Facebook...YOU can do this...even if youve never made any money online and dont have a website or email list!

---

QUESTION: Do I have to buy anything else? ANSWER: NO...You do not need to buy anything else to get

started listing your own products for sale on TradeBit. And, if you dont already have any products that you created or have the rights to sell, Ive included resources where you can get hundreds of products to sell, absolutely free.

---

QUESTION: Why should I buy the Unleash The Power Of TradeBit guide when I can watch your tutorial videos on TradeBit for free? ANSWER: While you can certainly get started listing products for sale on TradeBit by watching the free tutorial videos, youll miss out on the opportunity to discover the insider tips, pricing strategies and money generating resources I reveal in the Unleash The Power Of TradeBit guide.

---

QUESTION: How can I make a profit on TradeBit when so many people are selling stuff for \$0.50 to \$1.00? ANSWER: First, dont sell exactly what theyre selling...and, dont sell your stuff for \$0.50 or a \$1.00! Heres why...as of Sept. 2011, products priced below \$1.49, no longer show up in the TradeBit Marketplace (except in certain categories like MP3s and sound files). People who undervalue their products are only hurting themselves and you DO NOT have to compete with other sellers based on price! I cover pricing your products and how you can get more sales BECAUSE your prices are higher in more detail in the Unleash The Power Of TradeBit guide.

---

QUESTION: How much money can I make from this? ANSWER: How much you make is entirely up to you and depends on how many products you have for sale, what type of products they are, your pricing strategy and a great many other variables.

---

QUESTION: What Can I Sell On TradeBit? ANSWER: You can sell just about ANYTHING because TradeBit does not limit you to only selling ebooks or software. Any product that can be delivered in a downloadable format that you created or have the legal right to sell can be listed for sale on TradeBit (except porn and illegal products).
