NEW! Youtube Video Grabber Online | YouTube Converter Easy To Use YouTube Video Grabber Online version 1.9 is a software tool you can use to save your favorite online videos to your computer in wide range of different video formats. So you can make a hard copy of those videos, transfer them on other computer without Internet access, upload them on your mobile phone, PocketPC, PSP or any other portable device able to play video files. In addition to support of all well known online video services this software can also try to scan for embedded videos on some general internet site, all you need to do is provide URL of this page. Another feature worth to mention here is a plug-in implementation of video downloading engines for each online service, they are kept up to date and available to download with in-built online update service. If you found a site with embedded video which was not recognized by YouTube Video Grabber Online you can send a request to developers using in-built request form, to get a plug-in update or even new plug-in supporting video downloads from this site.
