As you surf the web, pictures and text get stored on your hard disk, creating a mirror image of your surfing experience. Every site you enter, be it online slot games or social media sites, everything is stored. Companies use cookies to profile or track your actions on the web. System and application software also store information that could compromise privacy. Cleaning up the history of your activities can be a tedious chore of manually removing each history file or entry. If privacy and disk space are to be maintained, this process must be performed every time you use your computer. History Cleaner can automate this process for you. Our Internet eraser supports popular browsers such as Internet Explorer, Netscape/Mozilla, AOL, Opera and MSN Explorer. It can quickly delete history on your computer, with simply one click. History Cleaner will erase your..... index.dat, cache, cookie, file shredder, Windows Settings, Internet Explorer/Netscape/Opera, One click upgrade, Find File / Folder History, Location Bar History, Clean on Startup, Registry Fragment Files, Internet History, Clean on Shutdown, Search Computer History, Clean Cookies, Custom Panic Button, Scan Disk .chk File, Clear Locked Index.dat, Easy to use Help, File / Folder Shredder, Temporary Internet Files (cache), Run Invisible, Scheduler, Disable Auto Complete, And more...
