ATTENTION: Email list owners will never have to worry about duplicate subscribers again . "New Software Instantly & Easily Cleans ANY Email List Of All Duplicates In Seconds..." List Owners Can Now Send Out Mailings With Confidence Knowing That Subscribers WILL NOT Get Multiple Messages! From: Raymond McNally Date: Tuesday, November 29, 2011 Re: Sending YOUR Mailings To A Clean And More Responsive List. Dear Email List Owners, List building is a must in order to be a success online...but owning a list comes with tasks that need to be done in order to make sure the list itself stays a responsive, highly targeted and trust building list. Let me say these three things again. You need to make sure your list itself stays a responsive, highly targeted and trust building list... A list that is not responsive and is with out the trust of it's subscribers...is not a good list at all. [Click Here To Keep Your List Responsive](#). One of the main problems most list owners have is dealing with duplicate subscribers. Some people forget they are already subscribed or they check a box with out thinking and they get subscribed again, making it twice or even three or more times that the same person is on your list. Now, even though this is not your fault as the list owner, this could cause some pretty big problems. When you send a message out to your list, those subscribers that were added more then once will get more then one message. Some people would consider this as spam and unsubscribe and some might even try and report the publisher to one of those "self proclaimed" spam police sites. Like I said above, even though this may not be your fault as the list owner...sometimes it is the list owner that suffers because of it. But, there is a simple answer to this problem...
