If you already know what eBay is then feel free to skip this and scroll down... but I still recommend you read every line because you'll find out that a lot ordinary individuals like you and me are in actual fact... Making an EXTRAORDINARY income just from eBay alone! That's right. Did you also know that: * As of Year 2007 alone, eBay has generated a revenue of US\$7.67 Billion! [Source: Wikipedia.org] * People spend more time on eBay than any other online site, making it the most popular shopping destination on the Internet. [Source: TheBidFloor.com] "Does Everyone Have An Equal Chance To Make Money On eBay?" Now here's the problem: ANYONE can make big bucks on eBay. But NOT everyone will. You see, eBay boasts easily more than 100 million users and new items are being sold on the same platform every day. Around the clock. Know what this means? Competition. You're competing with millions of other sellers on the same platform for your customer's attention. Okay fair enough that everyone is selling a different thing altogether, and you cannot compare used electronics to collectibles. But can you still compete with at least few hundred other sellers who are selling similar items as you are? (and this is just conservatively speaking) What about: How to drive in targeted traffic to your eBay store web pages? How to get your potential customer's attention quickly... before your competitor does? How to sell just about anything on eBay? When I first experienced making my first sale on eBay, I was obviously

thrilled. But that was after going through a lot of trial and error, a very costly one in fact. Sure I was excited - and I went on to make more sales after that. But how many people can tolerate such risks before seeing their first sale? "Selling eBay Made Simple... Introducing The Step-By-Step Videos For Online Newbies On How To Make A Profitable Income Just Selling Stuff Away On eBay!" Video Count: 7 Flash Format, Instant Download After Purchase I have compiled a series of video tutorials to walk you - or anyone - through on how to first set up your account with eBay and later, discover the secrets to making huge profits and voluminous sales from the Internet's biggest auction site ever. If you're anything like me at all, and you believe that complicated things should be made as simple as possible, then you'll like this. Here's a break down on what you will learn in this video series: Video #1 - Overview of Ebay, Rules, Creating an Account (7 minutes and 30 seconds) In this video, I give you a basic overview of what Ebay is all about. It's important also that you understand what you can and can't sell on Ebay, so that you protect yourself before you create your account, so we'll go over these basic rules. Then I'll show you how to create an account quickly and easily. Video #2 - What You Need to Know Before You Start Selling [Research, Niches, etc] (5 minutes and 03 seconds) Many sellers on Ebay make the big mistake of not doing their initial research before hopping onto the bandwagon and begin selling products. A little while later, they begin to wonder why their item is not selling and why they spent hours putting the item up. So you'll learn how to research whether a product sells or not, which will save you time before you get started. Video #3 - How to Create an Ebay Ad that Sells (11 minutes and 02 seconds) Want more bids? Of course you do. But to get more bids, there specific things you need to think about before you create your Ebay ad. You'll be given a list of very important things you need to have before you create your Ebay ad, so you not only increase the bids you get, but the profits. We'll also create a real ebay ad, so you can see it in action. Video #4 - Using Images and Videos to Increase your Sales (8 minutes and 38 seconds) You've heard the phrase over and over again...A picture is worth a thousand words. Think about it. Picture yourself as a buyer. If you had the chance to see what you were buying, or even better a video of what you were buying, wouldn't help you understand what you were buying even better? Of course it would. With that said, in this video, you'll learn how pictures and videos can increase your bid rate and your profits. Not only that, you'll learn how to take a video you took and upload it to Youtube; and how to add it to your Ebay ad description. Video #5 - How to Get Away with Selling Digital Products (3 minutes and 22 seconds) For many many years, people go on Ebay and sell files that you could download

immediately after paying on Ebay, such as ebooks, digital audio, websites, and more. However recently, Ebay banned the sale of items that could be downloaded immediately after the sale ended. However, Ebay still allows ebooks and digital products, however the distribution of them has changed. You'll learn how to continue to sell Digital Products the automated way and Ebay approves this. Video #6 - Misspelled Keywords Method (4 minutes and 49 seconds) So you're searching for a product on ebay, and you keep typing in the keyword and you can't find the product you're looking for. Most likely, you're misspelling the keyword as a buyer. This happens to many people and guess what, you can take advantage of it as a seller! You'll learn how to implement this keywords method right into your Ebay marketing! Video #7 - Wholesale Buying and Reselling (3 minutes and 49 seconds) So you've probably gone on ebay and thought, "How in the world can these people offer these items at such a discount rate and still make money?" Most likely these sellers or powersellers are still making good profits, but are buying their products and super discount rates in wholesale prices. To buy "true" wholesale, you have to be a real business, but by doing so you deal with "true" wholesalers. You'll learn about a company that can connect you with "true" product sourcing companies to get items and super discount rates to beat your competition. "Years Of Trial And Error, And Formula To eBay Riches Now Distilled Into Just Minutes!" That's right. Which one would you prefer? Learn the old-fashioned, hard way (which I took initially) OR shortcut your learning curve and discover what makes an eBay Powerseller ticks? With my video tutorials, you no longer have to crawl over broken glass just to figure out how and why only a small fraction of the millions of users from around the world are making a handsome income off eBay. And how MUCH are you willing to pay for that? Now if I let this go at \$297 then it would be a bargain on many levels. Think about it: * You don't have to guess or take pot shots in the dark at 100 of your expense, * You will relive the experience of a true eBay tycoon through these videos as I walk you through the steps on how to profit handsomely off eBay, * Even if you are not technically savvy, I will show how anyone with basic computer skills can still stand an equal chance to make money from eBay.
