"Here's How You Can Instantly Gain an Almost Unstoppable Edge On Your Competition, Increase Your Sales Conversions, and Build Your Profit Margin to MASSIVE PROPORTIONS with This Incredibly Powerful Secret Tool" In Less Than 60 Minutes From Now You Can Be Creating Your Own Money-Making Software without Knowing a Single Thing About Writing Code or Without Having to Hire One of Those Expensive Programmers. It's no secret to anyone that you can rake in incredible profits selling software. I'm talking millions... and perhaps even billions. Obviously not everyone is capable of creating windfalls of this magnitude but you get the picture. And, of course, not everyone has the technical skill and knowledge to create software. The development costs are staggeringly high... as in hundreds of thousands of dollars for some software applications. Not to mention the time it takes to write the program. Who has that kind of time, money, or knowledge? NOT MANY... Imagine, though, if you could just skip all the rigamarole that comes with research, development, programming, packaging, etc. - and just get down to making software! Would that be a riot? As utterly crazy as it sounds it's not impossible... in fact, it's down right easy with my new program called... "Software Maker Pro." "Imagine Being Able To AUTOMATICALLY Create Professional Looking Profit-Pulling Software Applications In Just 9 Incredibly Simple Steps... all in About 30-60 Minutes!" What if you could have a professional software designer on retainer for you 24 hours a day 7 days a week that could create software applications whenever you wanted all for just a one time low payment? Imagine the money you could save or better yet imagine the potential profits you could bring in by creating and selling your own software! Sound like a pipe dream?... Well its NOT. And in a minute Ill show you exactly how you can get this amazing software generating tool for your own use. Do you have thousands of dollars just lying around to hire a programmer to write code for your next software idea? I would venture to say probably not. Do you have the time to learn programming language and write the code yourself? Maybe if you dont mind waiting ten years before youll be any good at it. With This Mind-Blowing Marketing Tool You Could Be Saying Good-bye to Failure FOREVER! Now imagine this Youve just come up with an idea for a software application that could significantly help solve a nagging problem in your niche. What do you do

next? Do you just sit there wishing you could find someone to design the software for you, do you wallow in self pity because you know you are about to miss the profit boat again simply because you dont have the resources to make your idea a reality or do you open your software-generating program, put in the recipe and whip out that new software within the hour! Personally, I prefer the latter. Its already a proven fact that people not only love software, they WILL pay for it. Most folks are lazy (and practically EVERYONE is pressed for time) and if you can provide a legitimate alternative to work theyll jump all over it. Now Theres An Affordable Way to Create Your Own Software Without Spending a Fortune! Why should only a select few have the chance to make their own software? Everyone should have a fair chance to create and sell their own software without going into eternal debt or maxing out their credit cards. Thanks to this exciting design in software technology, you can make practically all the software you want instantly... at the push of a button. You may never have to waste your time or money again. This powerful new software will generate as many applications as you want you are only limited by your imagination. New to Internet Marketing? That fine too! Because Software Maker Pro is designed so even the newest of marketers can use it without difficulty. There are no scripts or codes that you have to enter and figure out on your own. You wont spend hours on complicated programming tasks or writing code. Just pop in a recipe and voila youre just a few clicks away from creating your very own software application any time you want! Plus, weve included an easy-to-understand quick start guide that will show you exactly how to get the most out of your software maker and maximize your income at the same time! Youll truly be amazed at all the things this one piece of software can do. Here Are Just A Few of the Virtually Countless Ways You Can Benefit From Using Software Maker Pro Unlimited Software Applications at the Push of a Button If you hire a programmer to design your software you get one application period. Not only does it take a long time but all (or a good portion) of your budget goes into development costs before you even have a chance of seeing one dime in profit. Not so with Software Maker Pro. Your design costs are virtually zero (you pay for the software creator one time and your done) and you can create unlimited applications all with just a few clicks of the mouse. Save Time and Money Thanks to Software Maker Pro, youll no longer have to spend a huge amount of your valuable time creating products. With the hours youll save you can spend more time on the things you enjoy most. Plus, youll have more time to focus on the marketing aspect of your business and not the product development phase. Potentially Explode Your Sales and Income With the ability to create unlimited software

applications there's virtually no limit to what this can do to your sales and profit margin. Whether you create software to sell or software to give away you can create almost an unlimited stream of potential profit generating applications. No Complicated Scripts or Programming Required You don't have to enter any complicated codes or be an expert programmer to use Software Maker Pro. This is truly a hassle free piece of software. Just pop in a recipe (we'll show you exactly how in the quick start guide), fill out the required information and with the click of your mouse you'll have a ready-to-go software application that is ALL yours. You've seen it before... people raking in fist-fulls of profit from all types of software... headline creators, sales letter generators, web page creators... the list goes on and on. The concept is really simple... Find a problem... make a software application that makes it easy to deal with... and you've got an instant recipe for success. You could be one idea away from becoming the next software tycoon! Come on... Who wouldn't get excited about that!? Now you no longer have to fork out hundreds or possibly even thousands for an expensive programmer and wait weeks or even months to get your software to market... (assuming all the bugs have been detected and worked out). This software lets you get the same result but with your bank account still intact!... and your product ready to market in practically no time flat. Just fill in some blanks, put in a "recipe" and answer some questions... then with a few clicks of the mouse you're done. Your software is ready to roll... Simply test it out and then hit the market! With "Software Maker Pro" you can have your very own software application completed and ready to be taking orders on it all in the same day... and that's if you're slow! Instantly Create Profit-Pulling Software Applications For Practically ANY Market! - No matter what your market is, you can now use "Software Maker Pro" to automatically create professional software, without spending thousands. You WILL have your first Software created in only a few minutes! - All it takes is a few short minutes to fill in the blanks, load a recipe, click the mouse a few times and your software will be complete. "Software Maker Pro" couldn't be easier to use! - This software is so simple to use. Even my 11 year old son was able to use it (now that's really saying something). Build your email list to gargantuan proportions by creating and GIVING AWAY viral software applications ! - "Software Maker Pro" is the perfect tool to create lead-generating viral software tools. This strategy can be used in almost unlimited markets and you can even get a tax deduction by "giving away" promotional items. Free recipes included! - I'll also give you a starter pack of "recipes" to help get you started with your first software program! "Software Maker Pro" is perfect for anyone who wants to sell software but doesn't have the time and money to

invest in developers and programmers. To hire a good professional software developer and programmer can cost anything up to \$200,000 per product! So I could easily be charging \$497 for this software, and you'd be getting a tremendous bargain... but I'm not going to be charging anywhere near this much. And here's the reason why: I've been in your position and I know how hard it is. The sole reason I created this software was so that I could help people like you to create professional software applications quickly and easily and without having to spend hundreds or thousands of dollars. Here's what's included... **SUCCESS FACTOR #1: eCover Pro** (a \$27.00 value) Now YOU can easily churn out one professional eCover after another for every new product you have and feel sorry for others who didn't discover this easy, low-cost alternative which can be responsible for saving themselves hundreds of dollars from feeding hungry, greedy graphic designers or buying expensive eCover Creator Tools that don't give you desired results! Okay, so you've made your first software application with Software Maker Pro... now what do you do? You need a web site. Right? Well now you don't have to settle for that boring and drab "plain paper" look. I've made special arrangements to include a way for you to design a professional cover graphic for your new software. Catch your visitors' attention right away and add instant perceived value to your software product with the stunning graphics you'll create with this amazing program. You can spice up your web page and give it some real feel in just a few minutes of your time. eCover Pro is easy to use and you'll be amazed at the quality kick-ass covers it generates in only minutes of work. **SUCCESS FACTOR #2: Simple Sales Copy** (a \$97.00 value) This little success factor is a major player when it comes to raking in the profits. You've heard it thousands of times if you heard it once... "Exceptional sales copy is a power-packed marketing tool that can generate thousands- even millions of dollars in online profits." The marketing gurus have been using it for years on their sites and you need it on yours if you want to stand a chance of achieving REAL online success. Now you can learn how to create profit pulling sales copy that blows your visitors away and leads them straight to your ORDER NOW link. You've already got a "great" software product and a web page with a killer cover graphic... now you need some order pulling copy to complete your mini sales page... ... and "Simple Sales Copy" is the perfect tool. Especially if you are like most marketers and are the proverbial 98-pound weakling when it comes to writing sales copy. I've almost completely eliminated the stress and the hassle of writing copy for your new product with this success factor. **SUCCESS FACTOR #3: Massive CGI & PHP Script Library** (a \$189 value) You'll be able to tap into this huge library of cgi and php scripts (83 with resale rights) and use them to generate tons of

software applications... Why settle for a few templates when you can have a mega library of 85 scripts to start with? There's virtually no limit to what you can do with this success factor. You can create individual software applications and sell them as a stand alone or you can create multiple applications and package them together, use them as bonuses for your existing products, give them away as viral marketing or list building tools... just about anything you can think of. You can even modify the scripts, once you get the hang of it, and create a completely new application! "When You Order Software Maker Pro You'll Receive FREE Lifetime Upgrades!"
