Mixpad Audio Mixer

[DOWNLOAD HERE](#)

MixPad is multi-track mixing software designed for professional audio production. It lets you load or record audio clips and mix them together. You can place them at different times, adjust volume, pan the audio or fade in or out. It is the digital replacement of using a multitrack recorder and mixing desk. This music mixing software allows you to create remixes and mashups as well as add your own recorded audio.MixPad Audio Mixer specifications: Download Size: 432 KB   Other System Requirements: Windows 95 / NT4 / 98 / 2000 / Me / XP / 2003 / Vista. Sound support on your computer.
