Complete Fan Page Iframe Training Course, Wordpress Theme & Graphics Kit With Full PLR!" t is nothing new that Facebook has now made major changes at the beginning of the month with the switch to iframes. Now even though this change has taken place and the Warrior forum stays so far ahead of the regular market you have another new opportunity in front of yourself. See many offline businesses and even online marketers still do not know, understand or have all the answers for iframes in fan pages. You are in a unique marketing position both online and offline! For the simple fact that there is really no PLR out there specifically focused on new Iframe training. You will be in a position to reuse this PLR in a way that is almost unheard of in many other niches. Some Quick Ways To Use This High-Quality PLR: Email this offer out to your list by using our included HTML Minisite! Resell WP theme installs over and over again to your offline clients for a premium Take the training you learn, theme technology and position yourself as an authority to local businesses Add it as a bonus to a great product The list really goes on and on. *FACT: You know many offline marketers are still not offering Wordpress themes to their clients as almost all of the offline businesses I talked to this week did not even know they could manage their content for fan pages that way. Here are the components of this PLR package Component 1: 5 High quality Training Videos! (FLV format, Ipod ready, MP4) These videos will start with an overview all the way to explaining all of the options in creating an application in Facebook. VIDEO 1: Slideshow Overview: A quick walk through of the videos to come and what you will learn. VIDEO 2: Creating Your Fan Page: An in depth walk through of the differences in fan page types like community pages, band page, product pages etc. and we finish with creating a new fan page. VIDEO 3: Inside Facebook Fan Pages: Look over my should as I show you the different options and settings inside fan pages. VIDEO 4: Facebook APPS 101: You will learn all about FB apps settings, for both iframe canvas apps and iframe tabbed apps. At the end I finish up with creating a new FB app live for you. JUST ADDED!! VIDEO 5: Connecting The Dots: I will walk through how to add your newly created application to your fan page to complete the custom fan page tab creation.
