Force Other Experts To Write Your Blog Content For You Without Even Asking! 100 Automated The Ultimate System For Blog Riches Finally Revealed To The Public Blogs & Automated Content Are Huge Cash Cows Online Right Now! Chances are you've seen all of the blogs on the Internet and realize how huge that many of them are. Do you have a blog? If you do, are you keeping up with content for your blog and posting regularly? Are you making any money from your efforts through increased traffic or sales? If you can't answer yes to all of these questions, I know how you feel. But the good news is that there is an answer to all of these questions and it doesn't involve a lick of writing! Interested? Keep reading.... From: Anders Eriksson, MakeMoney-1 Tuesday 11:06 AM Dear Friend, It's fact, blogs have taken over the Internet as the main vehicle of communication on the Internet and are a huge force in online business. All of the big companies are using them to communicate with their customers as well as small companies using them to gain customers. Blogs are a big deal and people love reading them because the content is on topic, fresh and cutting edge. If you know a few little tricks to use in your blogging, you can make a ton of cash with so little effort, it's almost laughable. There are a lot of ways to make money with your blog but you only need to be good at one very specific one to make a fortune. While big companies are using bogs for raking in the cash, there is also something very important that has nothing to do with big companies that you need to know... College Kids Are Becoming Millionaires From Their College Dorm Rooms Through Nothing More Than Blogging! I'm sure that you've seen it... Mention of a college kid that can't be any older than 20 years old in an article somewhere talking about the success of his blog and the millions he makes as a result... There are literally dozens and dozens of stories of young college and even high school kids making a fortune on the Internet by nothing more than blogging. It's crazy isn't it? This just goes to show you that blogging is the way of the future and if you get in now, you can grab your share of the profits as well. If you don't get on the blogging wagon now, you may just find yourself in a failing business wondering "What happened?". Think about it, if a class skipping college kid can pull it off, can't you? Sure you can! All you need is a bit of solid information to get started so that you too can start seeing

tons of traffic that you can turn into profits with your own blog. But there's a big question we still haven't addressed (You're going to want to read this one!)... What About Content Creation? I'm sure that this question has been floating around in your mind and it's a very big one. In fact, the answer to this question is the key to success in blogging. If you don't have content, you cannot succeed with a blog online. Fresh and constant content is what drives a blog and is the single biggest factor in creating a fortune on the Internet from your blog. This means that you MUST provide an incredible amount of quality content on your blog to keep people interested and to keep search engines coming back for more. What makes a blog successful is content that has enough value to keep people coming back to your site, bookmarking it and sharing it with their friends. If you can accomplish this task then you've already won the blogging game. You are probably thinking "How am I going to create tons of valuable content?" and that's a good question... You might not have any writing experience or might not be able to write very well, if this is the case, there is still hope for you and I'm going to reveal that solution in just a second... I have to hand it to you, after using this little system in my blog, I've stopped writing entirely and I now get more traffic, more sales and bigger checks every month from my blog. Plug this system in and let it take care of all the content creation needs for your blog forever! If you've never heard of this system, that's because it's a hidden tool and fresh technology that I specifically had created to make my own blogs content rich and full of awesome content. This is not another content subscription club or article site! This is something much more powerful than that! Here's just some of the features that are included in the AdSense Inbox Software... Drag, Drop & Click Installation - Installing this software on your WordPress blog is as simple as dragging and dropping a folder on to your server and clicking a single button. Sound easy? That's because it is! Turbo Speed Setup - You can have all of your content creating woes eliminated in under 5 minutes! Wait until you see the ease of putting this thing into action! You'll be sipping margaritas in no

time! Unlimited Content Handling - You have the options of using the system just to add a little bit of content or going all out and adding so much content that people will be blown away when they get to your blog! You can have tons of daily content added, it's all up to you! The AdSense Inbox software is a mission critical tool in my business! You'll be happy to know that one little installation increased profits on that blog by \$400 a month! That might not sound like a lot but considering that's just one strategy on one site, that's incredible! I can't wait to use this on more of my sites! Bill Miller, Lubbock, Texas

**The Content Is ALWAYS Free** - You will never be required to pay a cent for any content! This system gets your content for you for life at no cost! You don't have a monthly subscription or any outsourcers to deal with! **Hands Free Operation** - You can set this thing, forget it and never have to worry about the system breaking down or crashing on you. It runs with no interaction on your part if that's your desire! **More Control For Those Who Need It** - Want a little more control over the content that ends up on your blog? Use the simple point and click interface to moderate content, edit content and only add content that you have deemed "worthy" of making it onto your blog! **Turbo Speed Coding** - I brought in the best coder that I could find and spared no expense to make the AdSense Inbox the finest and most stable application you could ever hope for. This software runs like a well oiled machine! **Automatic AdSense Income** - Through the AdSense module you can set the AdSense Inbox to automatically display relevant ads in your content so that you make tons of cash from the visitors that end up on your site! Don't have an AdSense account? No problem you can choose to display any ads you choose in place of the AdSense ads. **AdSense Inbox Can Build A Highly Niche Targeted Site, Just A Little Bit At A Time For The Appearance Of "Natural Growth"** The way AdSense Inbox works is you sign up for as many highly targeted email lists, news letters, Google or Yahoo groups, etc... etc... Anyone that will send you email on a targeted subject is a list you want to be on! Lets say for example you want to get traffic on the terms "Learn Spanish" or "How To Speak Spanish"- you would simply register a domain name targeted to your niche of learning to speak spanish (see our sample site at this link) Now you just sign up to as many sources as you can find to send you Spanish targeted emails or content of any kind to your new AdSense Inbox! You can install separate copies of AdSense Inbox on as many new domains to target as many niches as you can use traffic from! This is one powerful software that you can use to build loads of content sites in any niche you want all for no more than the cost of a domain and web hosting. You may be thinking is this ethical to display other peoples email content on your blog/ online inbox. Look at it this way, you are choosing to view your email

online, anyone that does not like this is welcome to remove you from their list in fact if you wish AdSense Inbox will post the following disclaimer below every post, or you are welcome to write your own disclaimer as well. \*DISCLAIMER\* This is my online email box, by sending me email you are directly sending your email into my public online email box which is viewable by myself and anyone else that happens to find my website. If you wish to not have your emails appear here please remove me from our email list by removing my email address from your future mailings. This email address is admin@mydomainYou may also request that I remove any of your previously sent email in writing at the email address above. Limited Copies Available Signup Now! I probably don't need to repeat over and over that the value here is extremely high with the AdSense Inbox software. You will not only be able to automate all of the content creation for your blog but also the posting on the content. On top of that, your AdSense income and blog content will automatically grow without any interaction by you. Could you enjoy your time more if you could stop worrying about content creation all together? You sure could! Click Here To Order Now "The AdSense Inbox Software Sounds Like One Of Those Thousand Dollar Software Solutions You See The Big Guru's Launching, But I Assure You Is It?" While I certainly COULD charge a thousand or even several thousand dollars for access to a system like this, that wouldn't be in line with my business philosophy. I firmly believe that if you offer tremendous value at an incredible bargain and do it with a smile that you will be paid back 10 fold. I've always lived by that motto in my business and it's always proven to be an accurate thing to live by in my life. That's how I am and if you've seen any of my other products you know that this is always how I do things. I did toy with charging a monthly fee for this software but decided that I'd like to see it in as many hands as possible at an affordable price. So if you take action now and show that you have what it takes to make money blogging by saying yes, you can have the AdSense Inbox software system for \$147 \$9.24. Now how ridiculously low is that?
