Does YOUR Web site have an Inferiority Complex? Discover The Amazing TrafficJam Formula that DRAGS VISITORS TO YOUR SITE like a ten ton magnet! ONE MILLION SITE VISITORS? SURE IT'S POSSIBLE! Friday, April 14, 2006 Dear Internet Friend, I don't get it. Why do people have difficulty getting visitors to their web sites? Particular now that you can get TheTrafficJam Formula that draws visitors like a ten ton magnet. I'll tell you what I'll do... If you're interested in selling your products by the hundreds or even thousands, this isn't going to take more than a couple of minutes. So pay close attention while I make you TWO PROMISES: First I'm going to promise you something that NO-ONE ELSE would ever dare to promise... I promise that, if you follow my simple methods, you can pull over a million visitors to the website(s) of your choice. Give me a few days of your spare time to get my system going, then watch as the dynamics take over and your site vistors grow exponentially. I can't promise that you will earn money off this, because I don't know your product or your sales pitch. However, I can absolutely guarantee that, if you follow the easy steps that I set out, you will see your site counter start to climb steadily to the stars... THAT'S A PROMISE Here's a fact for you... and it might surprise you... When you acquire TheTrafficJam Formula, you are granted THE REDISTRIBUTION RIGHTS. That means you can sell and redistribute this incredible system just as often as you want. 100 profit! You know what that means? It means you're just about to pick up a great system AND a great product. And I promise that the two together, plus the powerful knowledge of how to pull as much site traffic as you want, will recoup many, many, many times the cost of your time reading this. Believe me, I've been Internet marketing long enough to know what I'm talking about. W A R N I N G !! IMPORTANT! ... TheTrafficJam Formula may SHOCK you: Sometimes the truth is shocking. If you can't take the facts, don't read TheTrafficJam Formula. In addition to giving you the absolute facts on massive traffic stikes to your site, TheTrafficJam Formula... Exposes what the Internet Millionaires don't even KNOW - yet they cash in on it anyway. They stumbled on it by accident, but now EVERYONE can get a share. Blasts some of the dumb theories

expounded by the so-called "free traffic gurus" Tells you what the REAL money-spinners are on the Web today - no punches held. (And THAT'S gonna upset a few, I can tell you!) If you can stand the truth, you can break free from the FUD (Fear, Uncertainty and Doubt) that surrounds Internet profit today. Thing is... can you handle it? YOU HAVE BEEN WARNED! While you think about how you can turn around your business with this phenomenal formula, here are just a few lines about me, Graham Hamer, the author. By the time you finish reading it, you'll understand why I'm so excited! All my working life has been spent either in Marketing or Accountancy. That's what I do, and I'm pretty good at both. But, good though I am, it never stopped me looking for opportunities elsewhere. In fact, like most of us, I've always had this hunger to find the pot of gold at the end of the rainbow. I got caught up in the Internet floodwaters and observed (with some envy) the success of people like Marlon Sanders, Cory Ruddle, Janik Silver, Jim Edwards, Neil Shearing and others. As I observed these winners, my Marketing and Accountancy background made me realise that every dollar these guys spent was coming back multiplied over and over. And it wasn't just their products or the content of their websites. Man, I was ANGRY! That's when I realised that getting site visitors was the key to Internet Profit. And then - partly by accident and partly by hard work combined with trial and error - I stumbled across this amazing formula that just attracts site visitors like a huge, unstoppable magnet. And guess what??? It's exactly the same formula that the 'big guys' use!! Only they've never realised how it all fits together. They've never understood the synergies and interactions. The dynamics have totally escaped them. You know what I'm saying here? I'm saying that the top names in Internet Marketing are doing it right, but they don't know WHAT they're doing right! So what you read in my book, you will read NOWHERE ELSE ON THE WEB. Because TheTrafficJam Formula is 100 UNIQUE. THAT'S A PROMISE! And finally, everyone's calling me a "TRAFFIC GURU" now! It's true that I already have other successful Internet products to my name, and I write a very well respected weekly ezine on Internet marketing. But I ain't no SUPERHERO... I ain't no MAGICIAN... and I certainly ain't no GURU... I'm just a REGULAR, GENUINE GUY who's discovered how it's done! AND NOW I'M GOING TO SHARE IT WITH YOU. As you study every word of this book, you'll come to realise that there are hundreds, or even thousands of people who push their stuff on the Internet but who have never experienced commerce in the "real" world. They buy my formula and steal everyone else's ideas, then rewrite them like they dreamed stuff up for themselves. But don't be fooled. THIS IS THE REAL THING. This is genuine 24karat GOLD not some tired rehash of someone else's hard work. If you've

already studied methods of getting traffic to your site, you may already know a few parts and think that you already knew this stuff. But I'm going to demonstrate to you a whole new STRATEGY. The further you read into this formula, the more you will realize that you need to examine the ingredients. Study the recipe. It's the right combination of ingredients and cooking method that makes the omelet, not the fact that you're using an egg! One thing is sure; even if you've read all the books like I have, you're still reading this sales letter. Which suggests to me that you haven't yet discovered the TOTAL strategy. If you had, you would already be getting unlimited visitors to your web site, and you wouldn't be here! In a second, I'm going to explain my winning formula. But first, read these . . . "Phenomenal!" I've got to say that I POSITIVELY LOVE this ebook - this is so full of positively vital information that anyone who follows your traffic building plans are going to have their work cut out to keep up with all the new business! I can't believe that you're giving all this away for the price, plus including resale and redistribution rights - that's what I call phenomenal. Thanks Graham! Steve Shaw popupmaster.com "It's a masterpiece!" Hello Graham, I managed to finish reading your ebook yesterday night and I must say.... It's a masterpiece! I've read tons of other traffic generating ebooks but none like this. The tactics and tips that you outlined are really innovative and I must say... extremely effective and can be easily applied by anyone, newbie or seasoned marketer. I've had some mini successes implementing some of those tricks myself but reading your report have brought my web promotion strategies into a whole new level. I used to complain about the lack of new ways to market my product but now I have tons of exciting ideas thanks to the 3 1/2 hours I spend reading your report. Plus I loved your presentation ! Thanks again! Marcus Yong FastTrackProfit.com "I watched my counter spin!" Dear Graham, I took a look at my site counter and was staggered by the number of visitors I had had during the previous 24 hours. I refreshed my screen and it had jumped another 20. I refreshed again, and 10 more. I can't believe that this works so well. It's too simple, really! I love it... thanks!!! George Fergusson. "Expect a BIG increase!" ...EXTREMELY pleased. I couldn't have asked for more. This book goes beyond the usual stuff... "Submit to search engines, buy ezine ads, etc.". You've developed a whole plan, and explain WHY and WHEN I should do certain things. My sales reflect my new visitor levels, and I'm making more than I ever have, particularly since your methods don't have to cost anything. Thanks a lot, Graham Bob Bruce. "At last!" I'd about given up. Having struggled through the web pages of a so-called traffic guru and found them to be a waste, I didn't think I was ever going to find the solution. Yours was the last resort. It's undoubtedly the most practical,

actionable and certain system I've ever seen. As for the money back guarantee - what's the point? Nobody's ever going to claim it! Now I've opened a second site, selling TheTrafficJam Formula... and guess how I'm drawing traffic to it??? Mandy Harris. Incidentally, unlike some Internet "gurus", I don't ask for testimonials. If my customers want to email me their opinions, I welcome the feedback. But I don't ask or beg for it. Meanwhile... Here's How I'm Going To Help You Get A MILLION Visitors To Your Website! OK. Let's get down to the good stuff. You've got a product or service you want to promote. Maybe you're just an affiliate for other peoples' products. The question is, how is the best way for you to get visitors to these sites? You can use direct mail. But it's darned expensive and your product may bomb! You may lose your shirt. You can mass email a bought list. But you'd better be prepared for a backlash of spam and the probability of being suspended by your ISP. You can try the FFA sites and legitimately email a couple of thousand people a day (and have 1,999 of your emails automatically trashed by the recipients). You can... Yeah, I know, you've already been there, and already done that! Hey, join the club! But TheTrafficJam Formula will tell you... The amazing synergy that a few simple, effective, interlocking traffic-pulling systems can produce. Actual examples of multi-million dollar online businesses using variations of my formula. You'd better not believe everything everyone's telling you! How to optimize your site for best results. Forget the hype - it takes just a couple of minutes! How do external links increase your site traffic? How do you get them? Heres what Dennis Gaskill, the creator and owner of Boogie Jack's, has to say about external links. "My site is in the top 1 of the most linked-to-sites on the Internet according to websmostlinked.com. It serves about

750,000 page views per month. Less than 35 of my traffic comes from search engines. That means over 65 of my traffic comes from links or a bookmark, and I do have good search engine rankings for several keywords, so it's not balanced that way because of bad rankings." And that's just the beginning. There's more... Secrets you can take to the bank... LITERALLY. You've tried free-for-all links sites, free classified ads, some paid ads, you've submitted your pages to all those thousands of search engines and you've used the bulletin boards to pound out your URL. You've sent off articles to ezines and posted in forums. When do the good times roll? Where's the traffic? Multi-step marketing: What works and what doesn't. Why? What to do tomorrow morning to start getting traffic to your site. How to ratchet up the formula using free traffic synergies that will just amaze you. Would you like to get 1,000 referrals at a time? Referrals are the best source of new business bar none. But normally they just trickle in. A great strategy to turn that trickle into a flood. What you need to know about using direct mail successfully. The awful TRUTH about Meta Tags, and how you can ignore them! What NOT to buy. And why not! And don't forget, like I already promised you, when you buy this book you buy ALL the reseller and redistribution rights. Just think about it... NO MATTER HOW MUCH I CHARGE, you only need to sell ONE copy to break even. After that, it's 100 profit all the way. Hell; give it away as a prize, a bonus, part of a package deal, an incentive. It's YOURS to do what you want with. But what price this incredible eBook? Well, I considered charging the same as another traffic "guru" who gives you access to a few website pages and charges nearly \$100 for the privilege. But I soon changed my mind when I considered how unhappy I had been after buying what he was offering... particularly since much of it was badly written, regurgitated rubbish. So I took a look round at people like Marlon Sanders, Cory Ruddle, Neil Shearing, Janik Silver, Jim Edwards, and other respected Internet gurus, who regularly charge between \$50 and \$150 for their quality products. And then I thought, "Why should I match them when I can beat them?" If that isn't fair, I don't know what is. OK. Here's your ABSOLUTE FAILSAFE: Get my product. Read it and TRY IT OUT. If you aren't thrilled with the results anytime within the first 365 days, you're going to get your money back... every last cent! All I ask is that you try out my TrafficJam Formula and give it a fair shot. Just FOLLOW THE EASY INSTRUCTIONS and give it a fair effort. If you aren't satisfied with your results, I don't want your money. Just show me that you tried TheTrafficJam Formula as presented and, if it hasn't worked for you, I'll give you your money back.
