**\*\*Comes with PLR Rights\*\*** Discover How YOU Too Can Create Your Own Collection Of In-Demand, Profit-Pulling Info Products In Just Minutes From Now If you would study the successful Infopreneurs, Niche Marketers and Internet Marketers of today, you would find that they all have one thing in common: they create their own products. And if you are serious about joining their ranks, you would want to create your own Info Products, too! Why? For starters, you make instant sales every time you sell a copy of your Info Product, something which you cannot achieve through affiliate marketing because the principal can only pay you after the product guarantee policy expires. Oh, and did I mention that you make only a certain percentage of sales? Sure, you can cover that loophole by reselling products with Resale Rights and earn 100 sales. But on the drawback, you have very limited flexibility towards the product rights because the copyright and ownership is still owned by its original author! While I am obviously NOT implying that you cant make money from affiliate marketing and Resell Rights - I make a decent income from them - but the point Im driving home is this: if you want to make BIGGER bucks then the pot of gold is found in creating your own Info Products! With your own Info Products, it means an infinite number of choices and flexibility in the rights. Not only can you make up-front sales, you can: Decide how you want to make back-end income, Sell the product at a higher price by offering its Private Label Rights, Elect to publish it offline, and If you have a collection of them, you can run a limited time sale by selling ALL of them in one package! These are some prime examples but you get the idea. In short, these are good stuff profit-pulling power houses are made of! Let Me Tell You About The Hot New Products You Will Own The FULL Rights To... eBook Creation for NEWBIES You can actually write an ebook without actually doing the writing. Because of an interesting legal twist, you can hire a writer, and then when the writer is finished, you own the complete copyright to the work. But theres something else thats almost too good to be true: having an ebook written doesnt cost near what it costs to have a hard cover book written. Its actually pretty affordable for someone who plans to recoup their money with ebook sales. In this guide you will get ALL the information you need to have a profitable eBook written for you step-by-step. Even if you are illiterate you can be an author! eBook Promotion for NEWBIES Advanced Pricing Strategies You
