ConTEXT Ad Generator turns your content into an instant profit magnet by dynamically transforming keywords on your site into affiliate links for literally any affiliate program you choose to promote. Heres how it works: Insert the keywords you want transformed into ConTEXT Ad hyperlinks. Insert the affiliate URL you want those links to point to. Copy the provided JavaScript code into your webpage, then sit back, and let the code work its magic. It really could not be simpler. In three easy steps, any webpage you want is instantly populated with these brand new, revolutionary, hybrid affiliate links. Are you starting to see the true power of ConTEXT Ad Generator? No longer will you have to make do with small affiliate checks. Now you can earn as high a commission as you want, while at the same time multiplying your click through rate, and your bank balance. Why ConTEXT Ad Generator Is The Best Way To Monetize Your Web Traffic!
