Learn how you too, can have the most unforgettable, breath-taking, wonderfully sensational wedding... That you've been dreaming about ever since the 2nd grade... And how you can SAVE hundreds and thousands of dollars in creating the most stunning, and radiant wedding! Dear friend, am fed up with them. All of 'em! At first, I thought of it as only a job, but I just couldn't do it anymore! I simply could not let brides and grooms be victims of overpricing, "take every penny if I can", wedding planners... It all started one afternoon when I was helping the bride plan the events that were going to take place at the reception. We had gone over every detail, from the beginning to the very end. After we had completed everything, I was to give the itinerary to the wedding planner for her to go over it and make sure we had everything in order. What she told me completely blew my mind! She said that in order for us to make the most money out of this "project", as she called it, we had to strike up deals ourselves with the DJ, caterer, the lodge where it took place, and with the photography studio. Why So we could cut back costs with them, and put the \*extra\* money the bride gave us and put it in our pockets rather than saving the soon to be married couple all the money we were "supposed" to be pocketing. I could not believe what I was hearing! I asked her if she had done this before, and she told me that she's been doing that for over 15 years, and that's how she makes an extra \$8,000 PER MONTH! That just struck the wrong nerve with me. I mean, weddings are already expensive enough as it is! Why in the world would anyone want to take advantage of soon to be newlyweds? As a matter of fact, I quit that very same day, told the bride all about it, and decided that I should help others save money on their weddings too.. On Average, A Typical Wedding Will Set You Back Roughly \$22,000... You know, many people don't really comprehend how much money it takes to have that breath-taking wedding.
