

Iphone Interface For Windows Mobile

[DOWNLOAD HERE](#)

Hi guys , if you have a windows mobile and you like the look of the iphone interface and stuff then you must try this out !! I found this on another website and though I would share it here , I know theres lot of these about but none really work as well and look as real as this. It isnt just a skin you apply its the propa thing , functions looks everything. Everything is editable via the xml skin file placing your own shortcuts and icons on the desktop
