

Clikgate Pro With Rights

[DOWNLOAD HERE](#)

This exciting new software is perfect for protecting your files, or a members subscription site. With automated signups, protection against password distribution and abuse, and full personalization capabilities, this program has it all. ClikGate Pro Features: - Automatically/Manually add new members. - Set it up to where admin has to approve each new member. - No text files to edit, completely run from a browser - Ability to change all fields from your browser - Full personalization capabilities - Autoresponse to each signup, editable by you. You can personalize this response as well. - "Your account has been denied" and "Expired" mailing editable by you. You can personalize these responses as well. - After signup HTML page editable by you with full personalization capabilities. - Header and footer files for the signup form editable by you in the admin. - Signup form has referral URL protection so that people have to order before they can even view the signup form. This protects you from people trying to get a free account! - The script emails the admin after each signup with details - You can set up UNLIMITED different plans that expire at different times! - Separates active members from expired members and gives you the option to re-approve expired members or delete them. - Send personalized mailings to your members. You can choose which plan type to mass mail You set the number of IP addresses that members are allowed to log in with in a certain number of hours. Number of hours is also editable by you. - When somebody abuses their account, it automatically erases them from the members file, puts them into the "Abused Account" file, erases them from the password file so that no more abuse can take place, and then sends an email to the admin telling you who abused their account. This feature is desperately needed if you are running a password protected site and makes the program much more valuable than the price you will pay today for it!!! - View statistics on who is abusing their account. - Password protected admin area - Easy to use, install, and maintain Tags: link protector, directory, secure
