[DOWNLOAD HERE](#)

Would you like the power to practically force your web site's visitors into clicking the links or visiting the pages you wanted? Imagine just how much additional revenue you could generate? Getting clickthroughs to the links that matter is what every web site owner wants needs to generate income online. Well That Power is Yours! With Magic Button you can wield that power in just three mouse clicks. Okay right now you may be wondering what the heck's a Magic Button and what does my Magic Button software actually do. Magic Button allows you to generate highly customisable, attention grabbing and unblockable links. Text or images or both - you choose. . . . You can see an example on this page promoting my newsletter. It hasn't been blocked like a PopUp and it's not 'In Yer Face' annoying like on of those floating ads. (Don't you just close them down anyway?) The Magic Button simply follows you down the page, but you can make them move, you can change the position on the screen and you can use different images in a whole range of different sizes. The more eye catching, hypnotic, tempting your offer (however you want to call it) the more it'll be clicked. You can use it for absolutely any link you like - what if I was to make this an order link - The moment a prospect had got to the point in my sales copy and is ready to order - the order now button is at hand. You have the master resell rights.
