The Bar Master! This the only handbook you will ever need when learning the ropes as a beginning bartender and it also comes with a software program that will blow your mind as it shows you how to mix over 2,300 different cocktails right on your computer screen!! Impress your friends and colleagues with your new-found bartending knowledge! It takes more than a recipe to make a great drink. Just using the right ingredients doesn't mean your drink will taste like it was meant to. Most of the time its the way a drink is mixed and served that makes it either an exceptional drink or one that gets dumped into the nearest flower pot. That is the reason why I have assembled The Bar Master package. With The Bar Master Bartenders Handbook you will find all the tips and techniques necessary to make your drinks taste like those of a seasoned professional. Become A Badass Bartender Today And Take This Knowledge Anywhere!! This Ebook And Software Pack Comes With Full Master Resale Rights Tags: bar, mix
