Rich Dad Poor Dad by Robert T. Kiyosaki The main reason people struggle financially is because they have spent years in school but learned nothing about money. The result is that people learn to work for money...but never to have money work for them. So says Robert Kiyosaki, author of Rich Dad, Poor Dad in this New York Times, Wall Street Journal, Business Week, and USA Today best seller. Rich Dad, Poor Dad will: explode the myth that you need to earn a high income to become rich; challenge the belief that your house is an asset; show parents why they can't rely on the school system to teach their kids about money; define once and for all an asset and a liability; and teach you what to teach your kids about money for their future financial success.
