Fellow Marketer Can you imagine what it would be like to have a mailing list without restrictions on subscribers, extra monthly fees and mailing limits? Would you like to take control of your auto responders and mailing list management while giving yourself more freedom and room to profit? If you answered yes youll be happy to know that You Can Now Have Control Over Your Mailing List Management Yes there are a few mailing list companies that have a very decent reputation, however, they have failed to adjust with the times. You see, the cost of technology has dramatically decreased over the last 10 years. The cost of servers, software and programming have all dropped in price and increased in services. When they start saving money on a certain aspect of running your list, they definitely dont pass the savings on to you; they pocket it! An even further problem is Youre Stuck With Subscriber Limits, Mailing Limits & Outrageous Financial Penalties! The fact that you are limited as to what you can do with most monthly mailing list management services offered on the net today. You are faced with even more pitfalls. One major drawback is the limits you have on subscribers. Most monthly mailing list services allow you 500-1000 subscribers for your fee. Anything after that comes at a cost and it isnt cheap! The second major drawback is the way you are limited as to how many times you can mail your subscribers so your communication is extremely limited as is your ability to profit. Lets say you wanted to mail a daily tip via a broadcast to your entire list and also send special offers to parts of that list that have shown interest, you could be in trouble with many monthly mailing list services. The worst part of all this is you are subjected to outrageous fees if you go over your limit. Some services will charge you \$50 or more in addition to your monthly fee for going a few subscribers over your limit! Now You Can Eliminate Expensive Monthly Fees. No More Subscriber Limits. No More Financial Penalties. And You Dont Have To Learn A Bunch Of Complicated Technology. Its time you forget worrying about subscriber and mailing limits and eliminate the penalties You might be asking how? Empire Mailer Is How!
