Starting Today, You Can Pull As Much Cash As You Want Out Of Your Wordpress Sites Within Minutes Of Downloading The WP LapDance Plug-in... You've probably got a few questions... First off, I bet you're wondering why this software is called the WP LapDance plug-in? Simple. Once you install this plugin, you can get as many lap dances as you want because WP LapDance is going to turn your Wordpress website into your very own virtual ATM machine. The reason behind the silly name is to help you understand just how powerful the WP LapDance plugin really is. Of course, if lap dances aren't your thing, you can always spend the cold, hard cash that WP LapDance is going to generate on things like vacations, your house payment, your kids, flying lessons... Whatever you want! Is The WP LapDance Plug-in Easy To Use? You Bet! Just 3 Easy Steps To Get Started! 1. Install the plugin just like any other Wordpress plugin - Point and click... It's so easy a 6 year-old could do it! 2. Decide whether you want to have text, an image, a clickable image, or even a video as your pop-up message... No more plain grey pop-up boxes (unless you want one). With WP Lapdance, you can insert whatever you like into your pop-up message using HTML. 3. Save your selection and WP LapDance goes to work making you money right away! So, What's So Great About WP LapDance? Haven't Exit Pop-Ups Been Around For A Long Time? * WP LapDance is NOT just a boring grey box like most exit pop-up scripts (of course, you can use the grey box exit pop-up if you want...) * You can also choose to insert images, clickable images, and even VIDEOS into your exit pop-up box! (This is revolutionary technology that's seen nowhere else!) * WP LapDance is easy-to-use... You simply point and click to configure the plug-in * WP LapDance does NOT interfere with your user's experience and it's only activated when someone goes to leave your Wordpress site. Simple navigation within your Wordpress website will NOT trigger the exit pop-up. This prevents you from irritating your visitors or preventing them from enjoying and interacting with the content on your website. * This plug-in was specifically created for Wordpress sites unlike all the other exit pop-up scripts that are made for single action sites like squeeze pages or sales letters... Installation is quick and painless just like any other Wordpress plug-in * WP LapDance is virtually unblockable which means EVERYONE that leaves your site will get to see your exit pop-up... This mean more sales and opt-ins which equals CASH in the
