25 Premium Header Pack V3 You get full PSD source files to ALL these templates, and everything you see on the headers comes on it's own layer. 25 premium header templates with layered PSD source files. The templates are all at least 900 pixels wide. I made them that size so that they're big enough for most sites, and you can easily resize them to any smaller size you want (like 800 pixels wide or 700 pixels wide). "Download Free Preview" To View Premium Headers Pack V3 Full Sale Page These templates are in layered PSD format and fully editable. You can change the text, change the color scheme, add your own images, mix and match different elements from each header, etc. You'll also get a full list of all the fonts used on these templates. You will also get a 20 minute video tutorial on how to edit the headers using Adobe Photoshop. I'll show you how to edit the text, change the color scheme, add your own images, and more. This isn't a full blown course on how to use Photoshop, but you will learn the basics for editing the headers with Photoshop. P.S. These are fully layered PSD templates. Photoshop is preferred to use them, but you can also use them with any other program that opens layered PSD files (like Photoshop Elements or Gimp). *Works on both PC and Mac
