Dean Shainin From the desk of Dean Shainin: Date: 21 July 2007 Dear Online Marketer, I used to live like many of you who are reading this. I was in debt up to my ears. My bills were much greater than my income. I hated my job and I could never makes ends meet. But I always promised myself that Id find a way out of the rat race-and every year this was my new years resolution. I felt like a failure for having to live in debt. Does this sound familiar? In 2007 I desperately prayed for a miracle. During this time I spent every waking moment searching, working, and hoping for something that would get me out of my financial hole and give me the money I so desperately needed to take care of my loved ones in the proper manner. It was during this time that I was inspired with a true Million Dollar Idea. I took a proven Money Making Method that had created thousands of dollars for Warrior Forum members and discovered the real secret to making it work for people like me, the little guy. I put it to work and I was able to rake in \$17,478 in cash in just 67 days!!! I made \$3,625 in just 2 days alone and I can send you a copy of my PayPal statement to prove it. Within 72 hours I made over \$4,000! In just 15 days I made over \$7,000! And Ive built a customer list of well over 800+ proven buyers that is worth much more for making back end sales than what Ive already made! Plus Ive been able to get two fantastic JVs going that are invaluable for long term residual income! At this point Ive now made over \$20,000 within 90 Days with the Warrior Special Offers section!!! Shocked from my experience in the Warrior Forum I realized this marketing forum was completely different from any other Internet marketing forums. The Warrior Forum was filled with hundreds of posts daily from people crying out for help and desperate to make money just like I was and pleading for someone to give them the answers. The majority of the replies to these pleas were you need to do a search on the forum board because your question has been answered a thousand times before!

Cheers, Gary Evans Internet Marketer I have made over \$1000 while I was asleep!!!!!! Hi Dean, I can't believe it, I have made over \$1000 while I was asleep!!!!!! Thanks for your WSO tips - they are working. Your tips plus \$20 to list the offer.... It is incredible! Regards, James Schramko Internet Marketer Even a great product has little value if you don't sell it. Dean, thank you for writing a very comprehensive report here! You really illustrate why the Warrior Forum itself is an invaluable resource; and in particular that the WSO is a major benefit to all participants. The material in the book is laid out in such a way that it is easy to follow the simple, fundamental points of writing and presenting compelling sales copy. There is really nothing more important than sales copy to any business. Even a great product has little value if you don't sell it. Anyway, thanks for a great read that I am sure I will be referring to for a long time and hopefully making

some money from! Good luck! Pat The3rdpartynetwork.com Your \$17,478 Cash e-book is quite simply the "Cat's Meow". Dean, Having known you for the past 18 months and been a customer for just about as long, you never cease to amaze me. You preach over-delivering and you put your money where your mouth is. Your \$17,478 Cash e-book is quite simply the "Cat's Meow". You literally revealed secret's that other WSO marketers don't want revealed. (Guess their just afraid of the competition) For instance the tip's on "Pressing The Hot Buttons" on pages 56-60 of the e-book. These are truly the emotional buttons that need to be used in any WSO offer and sales letter on the web. Then you turned right around and gave a list of words to avoid when writing the WSO sales letter or any sales letter on pages 60-62. As an example avoid "cheap" replace with "more economical". You also explain your reasoning for avoiding certain words. You wrote this book so that anyone can understand what you wrote. From the novice to the experienced marketer. I really appreciate the fact that your e-book is not loaded with 'fluff' and information that would not help me and others. I want you to know that I took your tips on headlines and word changes and took action on them. I changed the headline in my current WSO my sales increase and the views go up. Thanks Dean, for all the suggestions. You made it easy for me to use quickly and make some money for just following your advise. Ken Leatherman Professional Niche Marketing Article Writer Your clear step by step techniques are easy to follow Dear Dean, I read it all in one sitting. You have delivered again.
