Discover How You Can Earn A Lazy 5-Figure Income Month After Month By Generating Dirt-Cheap, Quick-Build Websites... "Learn proven methods to Rapidly turn your web pages into keyword-targeted traffic magnets, pull tidal waves of qualified visitors from the search engines and convert them into fistfuls of cash!" - By Joel Comm With my revolutionary eBook: "How to Build Profitable Websites Fast!" "Secrets never before revealed in a single eBook!" Most Internet newbies spend crazy money getting their website up and running...Wait many months to get their pages indexed...work their butts off creating new content and pay hard-earned \$\$\$ for traffic that never translates to sales. Does that sound like you...? Are you desperately waiting for those visitors to show up and your Internet income to shoot up...? All I can say is, HAPPY DREAMING! I've 'been there' long enough to know that NOTHING will change unless YOU do. That's right, if you want to start making money off your website (instead of just spending on it) you need to change what you're doing RIGHT NOW! "If you want to create dirt-cheap websites and turn them into prime Internet real estate...Flush with laser-targeted traffic from the search engines and mega-budget advertisers ready to bet real cash on your "pulling power"...Then you just can't wait to get your greedy little hands on the SECRETS I am about to reveal in my eBook, 'How to build Profitable websites FAST!'" And do I know what I'm talking about? I had better! Last year, I grossed upwards of \$300,000 in profits from my top websites. In fact, just ONE of the advertising programs I run on my websites netted me approx. \$500 PER DAY in pure profits (read all about it in the section on Google AdSense)! Want proof? Click here to see a real screenshot of my AdSense stats page. You can see what I'm making with AdSense. (Details of my CPM and CTR have been blacked out according to Google's terms.) So you see, there's bundles of unclaimed cash just waiting to be picked up by people who KNOW what they're doing...In fact, most top Internet Marketers would be willing to bet their entire fortune to prove that dollar for dollar... Nothing can match the returns that a high-traffic, laser-targeted website can deliver. And the best part is, it's hands-free money! (That's right, you can take off on that Carribean cruise right now with your honey and come back to find your accounts flush with new cash!!) There's no skill more valuable

today than the ability to create dirt-cheap, quick-build websites and making them irresistible to search visitors and Internet advertisers. If you can do that... It's like turning sand into gold Now the billion-dollar question is, can YOU do that? What if you are a complete novice who knows zilch about web design, who never optimized a single page for the search engines, who has no clue where to get those web visitors or how to turn them into into real money...?! Or let's put it this way... Can you just read this book and start building professional web pages and turning them into a traffic-pulling, cash-spewing profit monsters with just a few clicks and keystrokes? Yes, You Can!! Let me be very specific. In this book, you will learn to:

You can simply take this easy step-by-step 130-plus page eBook, open it to Page 1 and start building your website from scratch. This book will give you the confidence and the skills needed to build a high-performance, professional-looking website- even if you never created a single web page before! But it doesn't stop there... As a complete novice you can apply the search engine secrets in this book to topple your high-ranked competitors and start stealing droves of free, focused traffic from the search engines. And the best part is... This book will teach you specifically how to turn your Internet traffic into cash in the bank, using top-producing affiliate partnerships and Pay-per-click programs such as Google AdSense. To my knowledge, there's no single book on the Internet that covers all these bases in a simple, step-by-step manner - from teaching the most basic web

building skills to powerful search engine secrets and proven money-making strategies that have worked for me personally...and continue to bring me hundreds of dollars PER DAY in pure Internet income! Now you're probably thinking, "Do I need another ebook? I've got plenty of material about building websites and making money on the Internet!" I want you to be 100 sure that "This is not another nerdy encyclopedia filled with rehashed garbage from the search engines. These are 130-plus pages written in plain English, detailing the exact secrets and strategies that took me from being 'Mr. Clueless' to cashing 5-figure checks monthly from companies such as Google." Before you read any further, let us pause briefly for a moment of truth. Tell me something... How long have you been stalling on building your own website? And if you do have a website, when was the last time you got a check in the mail which knocked your socks off? I've seen thousands of sophisticated, professionally-designed websites, just hanging in there like "cyber junk". Long before I zeroed in on my money-making formula, I had dozens of those websites, and the only proof of their existence was the monthly invoice from my hosting company. If you have a non-performing website, you're bleeding real money, you are losing your confidence and giving up your "big dream" of making a real Internet fortune some day. I've seen many smart people waiting for years, doing absolutely nothing, just sitting around for that "big idea" to hit them. My friend, this book is your "wake up call" The millennium is behind us and "venture capitalists" are an endangered species. Success on the Internet is no longer about pumping millions of \$\$\$ into one big idea and waiting for it to take off. Today, it's about implementing practical, cheap and above all, DUPLICABLE systems that can be automated for fast and easy returns. I've learned to cut my losses on ideas that don't work, and I have discovered fast and cheap ways to replicate my money-making systems to the point where every \$1 idea can be turned into a \$10 K idea. And that is what this book is all about: Simple, effective ideas that have worked for my business and are bound to work for yours...provided you sincerely follow the methods outlined in my book, "How to build Profitable Websites FAST!" You don't have to be a genius to make a 6-figure income on the Internet. You just have to be consistent. If you can read this book and sincerely implement the proven strategies outlined in its 130-plus pages written in plain English, then you're well on the way to cashing your first real profit from the Internet. From that point onwards, it's just a matter of duplicating your profit-making pages till your income takes on gigantic proportions. These ideas worked for me and they will work for you. But before you make that big leap into the league of top Internet Marketers, I want you to take one tiny step. [Click here to instantly download the book Right Now](#), before
