

1920s Hats Knitting Book

[DOWNLOAD HERE](#)

Fabulous reproduction of a 1920's booklet of knitted hats, berets and scarves. There are 6 adults hats and one for a little girl in angora. There are also two scarves. As well as the one on the cover there is a fair-isle ladies beret, a Tweed ladies beret, a similar smaller beret, little girls beret type hat with pattern around and two more cloche style hats. The scarves are fairly standard with stripes and fringes. This is a reproduction of a vintage pattern with the original photos scanned and enhanced. The text has been retyped for clarity. The yarns have mostly been removed as there is little possibility that they will be available today. My suggestion is that you knit a square to the tension provided in each pattern and work from there. Thanks for stopping by.
