POETRY BOT INTELLIGENT POETRY WRITER ROUTINE This awesome script allows you to entertain your visitors with randomly generated poems in any style you want. Just change the simple text files containing nouns, verbs, and the like and you get randomly generated poems in any style you want. Ginsberg was chosen as default. The point of this script will not be obvious at first. Sure its fun to play with and entertaining but the power of this script was when I hacked out the routines to generate titles for websites to spamdex the hell out of adultcheck and other sites... don't worry, its coming soon. In the meantime have a little fun for a change.
