Transform More Of Your Bored Prospects Into Customers If you want to create dazzling attention-getting effects on your website designed to elevate your product above a sea of me too offers and lame sales letters here's something I think you'll want to see. Many of these effects in the past had to be created using time-consuming and expensive tools, like Flash or Photoshop animation. With PowerEffects2, I can churn these out in minutes, and start testing them in seconds. Here's what's new in Version 2 Ability to save and load animated effects Built-in WYSIWYG HTML editor means no more swapping back and forth between your web editor and PowerEffects! (Plus you can always fine-tune the HTML PowerEffects creates for you for maximum effect) 3 New effects engines give you popup lightbox capabilities: images, full web pages, videos, an MP3 audio player, and MORE... right on your web page! Built-in help tooltips. Just pass your mouse over the field to get the inside scoop on what it can do for you Password protected, so no unauthorized users can access your PowerEffects Designer Ability to jump to any animation frame-or the main settings-instantly! Behind-the-scenes engine enhancements means the software is even smarter than before! In most cases, PowerEffects will translate your HTML to the formats the effects engines work best with automatically, behind the scenes. Of course you can always override most HTML settings directly by editing the HTML code itself, but you probably won't need to. A comprehensive user manual that gets you up and generating effects for your own web site in no time flat! Even more video, tips, and tools (and FREE updates for all future versions... FOREVER when you register for free And much more!
