

# Thrive In A Down Economy - Audio Tutorial

[DOWNLOAD HERE](#)

"Discover How To Deliver A Virtual Smack Down IN Your Niche No Matter How Much The Economy Stinks!" For The First Time Ever, Millionaire Russell Brunson Reveals How To "Recession-Proof" your Business By Applying These Untold Secrets (HINT: Your Competition Wont Know What Hit "em!) Listen up: it doesnt matter where you gothere is always someone on the news talking about how the economy is going down the toilet. That people are losing jobs left to right, dont have money to spend, and are losing their homes. Dont get me wronga lot of this is true. We ARE living in challenging times and things are almost as bad as the Great Depression. But that doesnt mean you should roll over and play dead! No way. And the person whos going to show you how to avoid it is Russell Brunson. Who Is Russell And Why You Should Listen To Him You see, Russell Brunson knows how to make money online. He started his business out of his dorm room when he was in college 5 years ago and hes been raking in the bills since. Thats pretty good considering hes NEVER taken a marketing class or started a business in his life! How was he able to build a million dollar business despite being a broke college student? Very simple. Determination. The determination to do what most people would believe is impossibleno matter what the cost. And thats Russells answer to the bad US economy: determination to improve his business so it becomes "recession-proof". This is something VERY few businesses know how to doand Russell does it perfectly! How do I know? Because He Increased His Income From 3.1 Million In 2007 To 5.7 Million in 2008 While Other Businesses Were Closing Up Shop! You see, to Russell, theres no such thing as a bad economy. And Russell proved it in his business and in a special couple podcasts where Russell revealed his secrets to boosting his profits despite a sorry economy. To him, it didnt matter: \* Whether the President was going to pass the latest stimulus or bailout bill \* Whether or not banks were lending money to people \* If credit card companies are EVER going let people open new accounts \* If unemployment skyrocketed and people were going to be lining up the streets homeless Because he was too busy cashing checks! Believe it or not (despite his employees begging him NOT to reveal these secrets) Russell decided it was time to tell the truth about the economy. He got tired of all the "doom and gloom" most people preach on the news and decided to do something about it! So he recorded a series of

podcasts where Russell laid down law regarding how to profit in today's economy. Tags: plr
