Dont sound like an amateur when you do a PodCast Sound Just Like A Professional News Anchor.... The Next Time You Create Your Own Podcast Or Vblog! Podcasting or Vlogging can be loads of fun when you are doing it just to play around... But If if you are creating audio or video for your professional web site... Don't sound umm like ughh a dork that can't remember what the heck umm they are trying to ughh say! Do it like a real PRO with Podcast Teleprompter starting today! Tuesday 9:12 am From: Your Name Here Dear Friend, PodCast's and Vblog's are a pretty incredible new technology, arent they? If youre like me, youve probably thought about doing some PodCasting of your own. Maybe youve taken the first step and done a recording. I did that, too, and I was really stoked about ituntil I played it back. It went something like this: Uhyeahthis is YourFirstName. YourFullName. Im gonna review this CD fromno, wait, its a DVD. OK, Im reviewing the latest, uh, DVD from Coldplay Oh, THAT was impressive. Yeah, right. Like Id want to send that out over a PodCast or Vblog, with all the ums and ahs. No way, Jose. But then I got an idea Suppose you could use a simple tool to edit out all the ums and ahs and do-overs. Imagineyou do your PodCast or Vblog, talking just like you normally do without having to be self-conscious or think about what to say. Then you use a simple tool to smooth it all out so it sounds like a pro recorded it. Sounds too good to be true? Well, it isnt if you have the right tool. Think about it. The ability to edit and delete could make you into a PodCast or Vblog star overnight. But Cleaning Up Recordings Is The Hard Part You could pay a sound engineer to clean up your PodCast, but it would cost you a lot of moneythose guys make at least \$50 and hour. But instead of paying some sound engineer a fortune OR trying to read from a script (which sounds fake anyway), what if you had PodCast Teleprompter Finally! A way to quickly and easily make every PodCast or Vblog you make sound just like Anderson Cooper on CNN or someone like him recorded it. If You have always wanted to be able to quit your day job and break into the Internet Marketing world podcasting or vlogging is a great way to do it! Grab this software now! But dont take my word for it, heres what customers from all over the country are saying about PodCast Teleprompter: Place Your Customers Testimonial Here- Customers Name - Sherwood, Oregon Place Your Customers Testimonial Here- Customers Name - Phoenix, AZ Sure, it sounds amazing. Stuttering introverts dont just

change into glib network anchors overnight but their VOICES can! What Kinds of PodCasts or Vblogs Could You Make with PodCast Teleprompter? Movie reviews Sports commentaries Political discussions Tips on travel destinations Interviews with celebrities Cooking shows And lots more! Okay, So How Much Am I Charging For A Tool That Can Turn A Podcasting Nerd Into A Podcasting & Broadcasting Pro? Well, first lets look at what it would cost you to have your PodCasts and Vblogs edited by a sound engineer. Those guys get, like \$50 an hour and up, with a minimum of \$150. So youre looking at \$150 per PodCast. If you make 10 PodCasts, thats \$1,500. So even if I sold PodCast Teleprompter for \$1,500, it would pay for itself after 5 PodCasts. But Im not going to charge you anywhere near \$1,500, or even \$1,000. In fact, your total investment for PodCast Teleprompter is only \$97.00 Why so cheap? I have my reasons. For one thing, with my marketing background, I know that the best way to advertise is to create a buzz. If I sell a certain number of PodCast Teleprompter cheap, then people will talk. Heres the thing, though: once the buzz hits, Im going to raise the price to make some profit. When will I raise the price? Depends. It could be tonight, it could be next week. Bottom line: if you want PodCast Teleprompter at the low price of \$97.00, youd better ACT NOW!
