Article Site Builder With Mrr

You've purchased this product with Master Resell Rights and Private Label Rights. You are free to sell it and keep 100 of the profits. Now You Build High-Content Websites -- Even If You Hate to Write! Ill show you step-by-step how you can use my new, remarkable tool to gather keyword-rich articles, analyze their densities, and build separate web pages for each articles collected. See if this sounds familiar: Don had a mountain biking website. The first week, he put up 20 keyword-rich articles. The second week, he could only think of 10 new topics. By the fourth week, he was out of articles and his site was stagnant. It was just too much work to try to get keyword-rich content. Then he met me, and I introduced him to Article Site Builder. Here are the three biggest myths about getting content for your Internet marketing web sites: The first one is that you have to be a good writer. Uh-huh. Tell that to my friend Sam. Sam dropped out of 10th grade, cant spell, and reads at a 4th grade level. But you know what? Sam pulls in $850 a week from his content-rich sites because he ALWAYS has new content up. The second is that theres no way to get good content without paying big bucks to some hotshot copywriter. Truth is, even if you DO pay big bucks, youre likely to get broken English because Mr. Hotshot Copywriter couldnt be bothered with a trivial task like yours, so he off shored it to India. The third is that you can cut and paste articles from other sites and call them yours. The problem is, thats plagiarism. Its illegal and it can get you sued. Dont do it. Wouldnt you agree that its crazy to think youll get different results if you keep doing the same thing over and over again? If I keep touching a hot stove and kept getting burned Id be silly to think the next time I touch that hot stove I wont get burnt. Thats why you need to try something different Heres How Article Site Builder Can Help You Get High-Content Websites Built, Starting Today You see, Ive just completed the beta-testing on Article Site Builder to make sure it gives you step-by-step results. Its different than anything other content-building tool youve seen. Article Site Builder has taken two years to develop. Here Are Just A Few Of The Incredible Benefits You Get From Using Article Site Builder: Being able to feed the search engines what they love most: keyword-dense content. Visitors who keep coming back because the contents always updated. A steady stream of fresh, new content. An easy way to insert the content into a template. The ability to find content for hot new topics that you select. The ability

to optimize your site so you rank very highly with the search engines. The ability to add content pages to your site without knowing a thing about html! A dramatic increase in the value of your sites. The ability to find relevant contentFAST! Okay, So Whats The Cost For This Incredible Tool? Let's do a quick comparison - last time I checked, Doorway Ninja would set you back $247 dollars. Or you could pay $349 for Content Generator Engine. The other option is for you to shell out $600or more buying up all kinds of expensive DVDs and books that will most likely sit on your shelf gathering dust. Frankly, none of these options really seemed fair to me. So I figured out a way to provide you with a real bargain. Tags: mrr
