Introducing 'Niche Navigator' I've developed this system over years of struggling to find niches that make money, I've been in good niches and bad, unfortunately I listened to the gurus and tried to go after 'my passion' which wasted a whole lot of my time and I nearly gave up because of the minuscule profits that those niches gave me. Here is a system that not only gives you all the top websites I've learnt about over the years to generate a hurricane of ideas to work off (seriously - anybody who says they can't think of a niche after all the top quality stuff I reveal there is lying or hasn't even looked at them!), but then I'll walk you through every step after that to ruthlessly cut out all the losers from your list and slowly navigate through the jungle of wasted time and money to the lost city of the golden niche... Here is what you could be learning just minutes from now! 36 of the hottest techniques and websites to have ideas coming out of your ears! - CRUCIAL! A simple plugin that can cut hours off your research with just a few clicks! How to quickly and easily find out if people are opening their wallets in your niche - then exactly how to find out the magic formula to get them to do it for you! The 6 ways to find out how to reach your market which after you do this, will give you a treasure map to follow anytime you drive traffic! How to find out the best time to launch your campaign, and the times that will absolutely make it bust. How to use one insanely popular website to spit out ideas like a spammer sending out emails, and actually make it gives you LISTS of niches to choose from - no more hunting through sites! The truth about the absolute best types of niches, and ones you can profit from them like no other... A list of 'gateway' keywords you can exploit to get Google to give you more niches than you can use in your lifetime... And so much more!
