Attention Internet Marketers: Get ready to discover the easier way of running your business as a Push Button Marketer! Stop slaving away on your computer, and put your computer to work FOR you!

MODULE #1: The Software + Training Course: Macro Marketer is a software program designed to save your time by giving you an unlimited number of shortcuts in your daily work. Included Usermanual and 8 Training Videos. MODULE #2: The Blueprint: The second Module consists of the Push Button Marketer Automation Blueprint, which is an action-packed PDF ebook that we wrote to go along with this package. 1- Specific areas of automation that are included with the Push Button Marketer package, and prepackaged with the Macro Marketer software. 2- Ideas and plans for additional tasks that you could use the Macro Marketer software to help you automate. MODULE #3: The Automation Videos: Included 6 great Automation Videos to show you some of the best ways that you can start saving time and profiting from the Macro Marketer software right away. MODULE #4: The Instant Automators: a collection of 21 prebuilt macro sets that you can instantly plug into the software to automate your business. And I say sets, because some of these Instant Automators contain several macros, and in some cases over 100 macros. All you need to know is that these Automators are the things that enable you to press one button to complete a task. The software powers the Automators, and the Automators essentially tell the software what to do
