Craigslist Marketer Pro is a work flow process that shows you how to drive traffic to your online offer with Craigslist postings. Each listing should take you about 10 minutes to do and its free. Since Craigslist is setup to advertise items in a users local area only, you may be tempted to post the SAME AD on different city listings. This may NOT be a good idea ;) This package includes: A 27 page detailed GUIDE that gives you step-by-step instructions to harness the massive amounts of traffic on Craigslist TODAY...! A 23-minute VIDEO that explains everything you need to know to get setup quickly and easily...! A Craigslist AD SPREADSHEET to keep your ads organized...! A LIST of 36 High Traffic Cities...  
WARNING - I have listed this package for information purposes only. I do NOT endorse the methods described in this e-course. use at your own risk! If you are looking for MRR rights you are in the right place!
