Create a plan, be in control and learn how to monitor all your expenses, use the gloBear Budget Planner. Discover what this Budgeting application can do for you, your family and your business. The gloBear Budget Planner allows you to save multiple users on the application which means you can progressively save & load your own file or create a new file for your family, business or even for your children. Built-in charts, analysis tools and advanced reports to perform in-depth financial analyses. The gloBear Budget Planner will clearly show your Budget for the Week, Fortnight, Month or Year. This is all processed using your Income (whether you have one or several forms of income) and various expenses that suit YOUR lifestyle. The gloBear Budget Planner can allocate an importance rating for each of your expenses. Which means it will help you in TARGETING what is an essential part of your life, what is a low requirement or what is simply not required. There is NO other application with this feature! Print out Reports and Graphs. The gloBear Budget Planner will also show you a PERCENTAGE and a GRAPH of where your Expenses are coming from, which means you can easily review your expenses shifting between Weekly, Fortnightly, Monthly or Yearly. There is even a Customised Savings section of the application where you can easily calculate and forecast any future expenditure. You can even make a wish-list which is great if you have an item that you wish to purchase and you want to know how long it will take to save for or if you want to know how much you need to save based on either a Weekly, Fortnight, Quarterly or Yearly basis. There is also a Loan Calculator, this tool is handy if you wish to forecast how much you will need to save or pay per week based on the Interest rate and Weeks required to re-pay. Also, find 6 FREE eBooks to help you in understanding where all your money is going and if there are any areas in which you can cut back. These eBooks will change your finances before you know it. You will realise that creating a monthly budget and seeing where your money is going is something you can be doing and doing it easily. System requirements: Operating System: Windows 2000/XP/7 Memory: 32 MB RAM required (128 MB RAM or greater recommended) Hard Disk Space: 20 MB
