While doing some major research over the past few months on several niches, I discovered this strange-sounding website called Squidoo. At first, I just ignored this now mega-popular social networking site with such a funky name. Over time, while doing my research for Bum Marketing keyword criteria, I was shocked at what I've discovered. I could not believe that I kept seeing Squidoo in the Top 10 Google Search results over and over again. While performing my Bum Marketing "long tail keyword research" I noticed 43,900 Competitors for my keyword in quotes and without quotes 25,600,000 competitors! Jipes! There it was again, Squidoo in #1 and #2 out of 25,600,000 Google Search results! I've discovered so many perfect internet marketing keywords showing Squidoo in the Top 10 Google Search results with competition of 25,000+ in quotes, it's just plain going crazy. I know I'll never be able to go after all of them. I'm hoping marketers will see the massive potential here to make an enormous amount of cash using lazy marketing underground tactics in tandem with Squidoo! Do you realize what this can do for smart marketers using Squidoo or Squidoo Lensmasters that use the 'Bum Marketing' method? The bottom line on what I've stumbled upon is that Google loves Squidoo! I see it in black and white, Squidoo is also beating out EzineArticles for my bum marketing keywords! This is fantastic news for Bum Marketers and Squidoo Lensmasters because a major driving force with Squidoo and Bum Marketing is the use of your keywords to get right into the Top

Google search listings. You can literally dominate a niche using "long tail keywords" by incorporating Bum Marketing with creating lenses (lenses are just articles you write about something you're passionate about, that's all a lens really is!) at Squidoo! There are so many advantages for you by doing your niche marketing with Squidoo over using the other social networking sites such as MySpace that it's just plain mind-boggling, to say the very least! Squidoo was designed from the ground up to be the perfect affiliate marketing solution! You don't have to worry about: re-directs, cloaking links, staying under the radar and building your own websites. Squidoo is FREE and you can add powerful marketing tools such as YouTube, audio, RSS feeds, opt-in forms and so many more great tools for niche marketing. In fact, you can easily set up your own Squidoo Bum Marketing mini-site in just 5 minutes! Another great relief to those of us that have been using Social Networking sites such as MySpace for marketing is the fact that you won't have to worry about breaking Squidoo's Terms of Service or be struggling to 'stay under the radar' like you must do with your MySpace marketing efforts. You can build an amazing Bum Marketing Squidoo Empire while everyone else is focused on messing around with other Social Networking sites like MySpace playing hide and seek with a bunch of teenagers and risking lawsuits from a Social Networking site with VERY deep pockets! It's just going to get harder every day to make any profit at all with the big social sites like MySpace Because MySpace is now going after the 'Adder Bots' too! (Adder Bots are automated software used to add friends to your MySpace account by the hundreds with a single click). Social networking sites like these have become what I now refer to as "The Big Spam Machines"! Please don't get me wrong, I'm honestly not here to 'beat up on' MySpace. I'm simply pointing out the cold hard marketing facts. I have over 30,000+ so called "sock puppet friends" with MySpace so I do know this from experience. If you are already using Bum Marketing methods or Squidoo you will have a tremendous advantage over other marketers that are only using one or the other but not yet BOTH of them together for their marketing efforts! There are thousands of Squidoo Lensmasters that have still not discovered the power of Bum Marketing. And there are just as many Bum Marketers that have not discovered the power of Squidoo! Secure your future now, because Squidoo is a monster that is getting ready to be unleashed! Squidoo is a superior affiliate marketing model for Bum Marketers or anyone looking to cash in with their own products, sites and services. In fact that is exactly what Squidoo was designed to do.
