There is no doubt that AdSense can be a real money maker. The problem with AdSense sites is that you have to have lots of content to get the traffic you need to make real money. One way to get the content you need is with your own article directory. Now people submit their articles to you in return for a resource box link back to their site. In this way you can get hundreds or even thousands of pages of great traffic pulling content. Instant AdSense Article Directory includes everything you need to run your own article web site. It has a fully functional administrative backhand to keep track of all your users and also functions that allow you to e-mail your users as well. Plus you'll also get the Instant AdSense Article Directory course that will show you exactly how to use this script to create an authority site that ranks in the top of the search engines for several different keywords. Includes Resale Rights, Sales Page and Graphics
